established as a premier contributor to liberation theology has now provided a work of major new importance. Significant changes have occurred since the inception of liberation theology thirty years ago and Comblin provides a remarkably comprehensive critical and insightful study of economic, political, cultural, and religious developments that liberation theology must address. He offers as well a challenging new theological emphasis on freedom. Arthur F. McGovern, SJ, University of Detroit. A must read for all interested in current debates among Latin American liberation theologians and more broadly on the eve of the third millennium for all wondering about the meaning of the good news of the coming of God's reign in history. Lee Cormie, St. Michael's College and the Toronto School of Theology. He dispels the rumor that liberation theology is disappearing or dead. This book is about the future of liberation theology and if Jose Comblin is right, it will play a vital role in the coming century. Curt Cadorette, University of Rochester.
