The Practice of Chemistry Donald J. Wink, Sharon Fetzer-Gislason, Sheila McNicholas, 2003-03 Students can't do chemistry if they can't do the math. The Practice of Chemistry First Edition is the only preparatory chemistry text to offer students targeted consistent mathematical support to make sure they understand how to use math especially algebra in chemical problem solving. The book's unique focus on actual chemical practice, extensive study tools, and integrated media makes The Practice of Chemistry the most effective way to prepare students for the standard general chemistry course and bright futures as science majors. Shadow of the Wolf Tree Joseph Heywood, 2020-04-01 In the seventh installment in the acclaimed Woods Cop Mystery series, another suspenseful crime noir finds Grady Service, a detective in the Upper Peninsula for Michigan's Department of Natural Resources, back in action. The discovery of skeletal remains sheds troubling light on an eighty-year-old cold case involving racism, gold, and murder. Combine that with a present-day ecoterrorist whose guerrilla tactics, including a gruesome trap called a wolf tree, make Rambo look like a Cub Scout, a thriving crystal meth industry, and Service's particular brand of grizzled, sexually tense, and action-packed police work. Death lurks behind every tree, under every rock, and within every raging river in the most action-packed Woods Cop Mystery yet.

Criminal Investigation Ronald Becker, 2009 Criminal Investigation Third Edition takes an integrated approach to the investigation process. This introductory text explores how contributors to criminal investigation and its resulting prosecution are more effective when they understand and appreciate their role on the team, what role other team members play, and how it all comes together. Readers will learn how investigations are connected to a team that is much larger than those charged with the investigations of a crime. The end result is a solid foundation in criminal investigation.

It covers all aspects of criminal investigation pertaining to all types of crimes, not simply homicide.
