Black Rodeo in the Texas Gulf Coast Region Demetrius W. Pearson, 2021-05-11 Black Rodeo in the Texas Gulf Coast Region Charcoal in the Ashes provides an in depth sociocultural and historical analysis of the genesis and contemporary state of affairs regarding African American rodeo cowboys in southeast Texas whose ancestors were instrumental in the development of the most celebrated livestock management industry in the world The author painstakingly chronicles the origin of the Texas cattle industry from its Mexican roots to Austin's Colony better known as the George Plantation Ranch where African Americans were intimately involved in the livestock management industry since its inception Although enslaved before during and after the Republic of Texas was established they were early stakeholders in the expansion of the western frontier and an

indispensable source of labor that facilitated the burgeoning cattle industry Yet as the author maintains American history wantonly trivialized marginalized and blatantly omitted their contributions This book sheds light on these early cowboys and their descendants who have participated in America s most prominent prole sport with little to no media exposure The author dubbed them Shadow Riders of the Subterranean Circuit and even though American sports are integrated African American rodeo cowboys may be metaphorically seen as bits of charcoal spread among ashes *Rodeo Americas Number One Sport* Thomas A. Bryant,1986-06-01 Let's Rodeo! Robert Crum,1996 At age ten Mitch Coleman is already a rodeo veteran and so are the other young riders Robert Crum interviewed for this book His spectacular full color photos capture the danger and excitement of life on the rodeo circuit while an informative text introduces readers to a group of young competitors and their sport Man, Beast, Dust Clifford P.
