THE PARENTAL ALIENATION SYNDROME Linda J. Gottlieb, 2012-04-01 In this thought provoking book Ms Gottlieb attempts to resolve the controversies surrounding Parental Alienation Syndrome PAS by providing substantial empirical evidence from her treatment cases in support of the eight symptoms which child psychiatrist Richard Gardner had identified as occurring in the PAS child and she further exemplifies the commonality of the alienating maneuvers among the alienating parents The author redefines the typically held characterization of the parents relationship as portrayed in the pertinent literature and accepted by most PAS aware professionals Numerous case examples are explored horrific tales of manufactured child abuse referrals to child protective services CPS resulting in suspension of visits between targeted parents and their children meritless reports to police alleging domestic violence in support of orders of protection which slander and stigmatize targeted parents exclusionary tactics preventing targeted parents involvement in their children s medical educational social lives and activities and depletion of targeted parents resources due to legal fees required to defend himself herself and to obtain judicial enforcement of parental rights Ms Gottlieb methodically documents that PAS is a form of emotional child abuse of the severest kind The author provides an unprecedented number of treatment summaries which demonstrate the effectiveness of structural family therapy in treating the PAS family To further elucidate the subject the author interviewed several matrimonial attorneys Law Guardians and forensic evaluators regarding their experiences with PAS and she incorporated their thoughts into her recommendations as to how the mental health and judicial communities should resolve this situation in the best interests of the child New Rules are suggested which encourage a collaborative rather than an adversarial approach to child custody This book will be an excellent resource for parents who are divorcing or are in conflict for adult child victims of PAS for mature children of divorcing parents for judges for Law Guardians for matrimonial attorneys for therapists for child protective personnel for law enforcement and for the professional rescuer who believes that a child must be saved from a parent **I am light in love** Irene

Love and Lies Clancy Martin,2015-02-03 A provocative and unsettling look at the nature of love and deception Is it possible to love well without lying At least since Socrates s discourse on love in Plato s Symposium philosophers have argued that love can lead us to the truth about ourselves and the ones we love But in the practical experience of erotic love and perhaps especially in marriage we find that love and lies often work hand in hand and that it may be difficult to sustain long term romantic love without deception both of oneself and of others Drawing on contemporary philosophy psychoanalysis and cognitive neuroscience his own personal experience and such famed and diverse writers on love as Shakespeare Stendhal Proust Adrienne Rich and Raymond Carver Clancy Martin himself divorced twice and married three times explores how love truthfulness and deception work together in contemporary life and society He concludes that learning how to love and loving well inevitably requires lying but also argues that the best love relationships draw us slowly and with difficulty toward honesty and trust Love and Lies is a relentlessly honest book about the difficulty of love which is certain to both provoke and entertain
