**Replicates
clinical
traction!**

Since 1982 more than 40,000 health care providers have chosen the Saunders Cervical Traction Device™ to use in their clinics. But when their patients tried to use seated over-the-door traction at home, they...

- Couldn't relax because traction applied while sitting has been shown to cause higher levels of muscle activity than supine traction, making the traction less effective
- Risked aggravation of the TMJ or "jaw joints" because of forces applied to the jaw through the chin strap
- Were uncomfortable—many patients had to return to the clinic for more costly cervical traction treatments

The options were limited, until...THE SAUNDERS CERVICAL HOMETRAC®

THE CERVICAL HOMETRAC:

- Directs traction forces toward the occiput thereby preventing compression of the TMJ through the chin
- Applies up to 50 pounds of traction
- Ensures safety—user has total control of force at all times
- Enables easy home traction without assistance
- Provides a comfortable and cost-effective option to continuing clinical traction treatments
- Includes instructional video, user's guide and deluxe carrying case

**Softer, low
profile wedges
for better fit!**

Patent Pending self-adjusting neck wedges rotate through a 30° arc and are removable for easy cleaning or replacement.

Patented pump design incorporates an easy-to-use "click-in-place" mechanism for pumping, sustaining and releasing the traction.

Gauge reads in pounds/kg of traction to provide feedback to the user and to promote consistency in treatment.

Adjustable extension foot allows for additional traction angles of 20° and 25°.
