The Zodiac and the Salts of Salvation George W. Carey, Inez Eudora Perry, 2023-12-27 In The Zodiac and the Salts of Salvation readers venture into an intricate exploration of the celestial and the terrestrial uniting the mystical interplay of astrology with the curative properties of biochemical salts This compelling anthology marries a rich array of styles from philosophical musings to analytical treatises capturing the dual heritage of metaphysical inquiry and scientific investigation Each piece elucidates the profound connection between zodiacal signs and the body s mineralogical needs offering a panoramic view into the myriad ways in which human existence is harmonized through cosmic and earthly dynamics The contributing authors with George W Carey and Inez Eudora Perry at the helm embody a collective intellectual force that traverses the boundaries of nineteenth and early twentieth century thought Their works reflect the tensions and triumphs of a time when astrology and biochemistry were uncovering intersecting paths weaving together historical cultural and esoteric threads The collection mirrors a vibrant period when scientific curiosity and mystical traditions were cultivated hand in hand enriching the dialogues surrounding health spirituality and self awareness This anthology is a quintessential resource for those seeking to explore the synchrony between stellar influence and physiological well being The Zodiac and

the Salts of Salvation offers readers an invaluable opportunity to engage with a diversity of perspectives and methodologies broadening their appreciation for the interconnectedness of celestial and chemical realms This collection not only educates but also inspires imbuing readers with a sense of wonder at the cosmos's role in shaping human health and destiny Do What Thou Wilt Lawrence Sutin, 2025-09-23 Do What Thou Wilt An exploration into the life and works of a modern mystic occultist poet mountaineer and bisexual adventurer known to his contemporaries as The Great Beast Aleister Crowley was a groundbreaking poet and an iconoclastic visionary whose literary and cultural legacy extends far beyond the limits of his notoriety as a practitioner of the occult arts Born in 1875 to devout Christian parents young Aleister's devotion scarcely outlived his father who died when the boy was twelve He reached maturity in the boarding schools and brothels of Victorian England trained to become a world class mountain climber and seldom persisted with any endeavor in which he could be bested Like many self-styled illuminati of his class and generation the hedonistic Crowley gravitated toward the occult An aspiring poet and a pampered wastrel obsessed with reconciling his quest for spiritual perfection and his inclination to do exactly as he liked in the earthly realm Crowley developed his own school of mysticism Magick as he called it summoned its users to embrace the imagination and to glorify the will Crowley often explored his spiritual yearnings through drug saturated vision quests and rampant sexual adventurism but at other times he embraced Eastern philosophies and sought enlightenment on ascetic sojourns into the wilderness This controversial individual a frightening mixture of egomania and self-loathing has inspired passionate but seldom fair assessments from historians Lawrence Sutin by treating Crowley as a cultural phenomenon and not simply a sorcerer or a charlatan convinces skeptic readers that the self-styled Beast remains a fascinating study in how one man devoted his life to the subversion of the dominant moral and religious values of his time

Greek Myths Charlotte Higgins, 2022-01-11 A brilliantly original landmark retelling of Greek myths recounted as if they were actual scenes being woven into textiles by the women who feature prominently in them including Athena Helen Circe and Penelope Greek myths were full of powerful witches unpredictable gods and sword-wielding slayers They were also extreme about families who turn murderously on each other impossible tasks set by cruel kings love that goes wrong wars and journeys and terrible loss There was magic there was shape-shifting there were monsters there were descents to the land of the dead Humans and immortals inhabited the same world which was sometimes perilous sometimes exciting The stories were obviously fantastical All the same brothers really do war with each other People tell the truth but aren't believed Wars destroy the innocent Lovers are parted Parents endure the grief of losing children Women suffer violence at the hands of men The cleverest of people can be blind to what is really going on The law of the land can contradict what you know to be just Mysterious diseases devastate cities Floods and fire tear lives apart For the Greeks the word *muthos* simply meant a traditional tale In the twenty-first century we have long left behind the political and religious framework in which these stories first circulated but their power endures Greek myths remain true for us because they excavate the very extremes of
