Introduction

Nathaniel Hawthorne's 1850 *The Scarlet Letter* is a story of adultery in the 17th century's Puritan Boston. As its basic settings suggest, the novel is a razor-sharp manifesto against the moral and social standards of that time. Moreover, as discussed thoroughly in this paper, Hawthorne's work invites the reader to investigate a wide array of micro-level matters, in particular the perception of the self, the woman and the conflict between one's emotional world and reality.

This paper aims to provide a comprehensive critical analysis of *The Scarlet Letter*. To do so, the analysis reviews several themes and characters from three critical perspectives, namely the Feminist, the Psychological and the Historical Critical Perspectives of literature. The three sections, each one focuses on one of the three critical perspectives, combines examples from the novel itself, critical analyses of leading literary scholars, and the author's own critical views on the matters in question.

Analysis from a Feminist Critical Perspective

Is *The Scarlet Letter* a Feminist Work? By the time he wrote *The Scarlet Letter*, Hawthorne was fully aware of the developments in the 19th century's feminist movement and, as argued by Baym (2005), held continuous literary conversation with the movement (whose first major convention was held just two years before *The Scarlet Letter* was published) and its values. Thus, although the novel deals with "a woman who rebels against patriarchal authority" (Person, 2007, p. 23) in the context of the 17th century's Puritan Boston, Hawthorne's support for ideas of women liberation is stated loud and clear. Moreover, Hawthorne expands the discussion on the classical role of women in 19th century's literature, which focused on "female stereotypes, especially the familiar opposition of Fair Maidens and Dark Ladies," and created Hester Prynne as "a heroine who is as much a nineteenth-century feminist as a seventeenth-century Puritan heretic" (ibid.).

Nevertheless, the question of whether *The Scarlet Letter* should be viewed as a masculine support to feminist ideas has no clear answer. On one hand, the novel criticizes the Puritan offensive relations towards women, including the witchcraft against quasi-powerful feminine characters. However, Hawthorne, who argued in 1855 that "America is now wholly given over to a 'dread mob of scribbling' women" (Barlowe, 2000, p.32), arguably demands a new role for American women not as a supporter of the feminist argument of his times, but as a natural part of his general social criticism (Person, 2007). Either way, Hawthorne seals *The Scarlet Letter* with a s

Supporting Student Literacy for the Transition to College Shauna Wight, 2021-06-28 Focusing on the needs and experiences of underrepresented students in the US, this text explores how pre-college outreach programs can effectively support the development of students' writing skills in preparation for the transition from high school to college. Synthesizing data from a longitudinal study focusing on multilingual low-income and first-generation students, this volume provides in-depth exploration of the strategies and resources used in a pre-college literacy program in the US. Grounded in an expansive qualitative study, chapters reveal how outreach practices can encourage student-led research, writing confidence, and collaboration. More broadly, programs are shown to help tackle issues of inequality, increase college readiness, and reduce difficulties with writing, which can restrict minority students' access to higher education and their longer-term college attainment. This text will benefit researchers, academics, and educators with an interest in English and literacy studies, multicultural education, and pre-college writing instruction. Those interested in bilingualism, translingualism, writing studies, English as a second language, ESL, and applied linguistics will also benefit from the volume.

From Buchenwald to Havana Julian Markels, 2012-09 A boundary-breaking book that moves subtly between genres from memoir and Bildungsroman to social activism and cultural critique. It has the force of personal experience, the meditative pleasures of a novel, and the commitment of a social activist, written by a polymath, brilliant thinker, and thoughtful writer. It offers a complex and masterfully written narrative in which events that exceed conventional historical analysis—Buchenwald, the Cold War, McCarthyism, the civil rights, feminist, and anti-war movements, the Cuban experiment in socialist humanism—are interpreted as a dialectics of history and agency. The book has a particular poignancy for the present moment in which the task of social change and struggle for a society of equality have become urgent. It is the work of a committed life struggling for a socialist humanism that, as Markels argues, enables us not just to dream of full lives but also to find ways to live them by all and for the good of all.
