Mo Betta Cookn' Lindsey "Mo" Morris II, 2010-03 A lot of people whom I've cooked for often use to tell me that my food is so good why haven't I written a book of all the Delicious Recipes I came up with So that got me to thinking why not I'll give it a shot I said to myself why not come up with a cookbook so plain and simple to read and understand that a 5th Grader can become an expert in the kitchen I even went as far as to list the Ingredients first with the exact amount to use follow by the Directions that are so precise it takes the room of error out of making any mistakes Not only that I said why not put different types of recipes everyone can enjoy in this book rather than just have a plain one like you see in stores and on stands In addition I included different techniques of Kitchen Ideas one can use in the kitchen to help them along the way which I use even today that really works To take it a step further I've added as a bonus things Worth Remembering around the house that we all use which can be an inexpensive way of cleaning your home with the fraction of cost from supplies you already have I can tell you this if I had a book like this around years ago loaded with all the goodies inside at my disposal there would have been even more people at my windows and doors begging to see smell and taste what was coming from my kitchen
