Romancing His Heart Avery Maxwell, 2021-04-08 Loki, I'm a highly trained special operative tasked with taking down the East Coast's most dangerous man, my father. She's a bubbly, timid, overly inquisitive romance author with an aversion to true love. And she's now under my protection. As our worlds collide, we're forced into hiding while I piece together who's chasing us. But sitting in a one-room cabin with Sloane Camden has me catching feelings. I have no business having. When I finally give in to temptation, the sparks we've been dancing around engulf us in flames. Will our time together be enough to tear down her walls? Or will old insecurities have her running before we even begin? Sloane, I write romance. I don't live it. As far as I'm concerned, happily ever after is best left in storybooks where they can't hurt you. But spending time alone with the insufferable Loki Kane has me questioning all I thought I knew. Long days turn into hot nights, and before long, the line between fiction and reality becomes blurred. He has a way of making me see the light even in the darkest of days. For the first time in my life, I'm wondering what if? When the walls of his past close in, will I be strong enough to fight for us? Or will I run before he can leave me too?

I finally landed my dream job as a book editor when our new boss announces that the company is about to go bust. Our only hope: Getting a famously eccentric romance author to deliver her new novel, eight years overdue. Oh, and that infuriating, arrogant new CEO? Turns out he's the mysterious guy who made out with me in the street last night, leaving my head spinning and my other parts well, let's just say I won't be needing my e-reader for inspiration alone in bed tonight. I can't figure out if I want to slap his infuriatingly handsome face or kiss it senseless, but either way, we're stuck working together to magic a bestseller out of thin air. And maybe it's the late nights or the steamy material, but Liam isn't the snooty jerk I thought. Soon, our chemistry is sizzling out of control. But can we find our happily ever after, or will we burn out before the
