Awakening the Power Within Gordana Savic, 2024-02-10 Awakening the Power Within Unleash Your True Potential and Transform Your Life I have previously written about the importance of inner strength in our lives When I started writing this book a year ago my intention was to share exactly that finding strength within oneself especially in difficult moments is crucial When a person discovers it and becomes aware of it it greatly helps them Equally important is to show others that it is possible using one s own example of going through various challenges and life truths to expand one s strength This means that others can improve their lives ease situations etc using certain methods A year later when it was completed it helped me a lot in dealing with much more serious life obstacles It is written from personal experience as a way of struggle reflection life experience and collaboration with different mentors from various areas of life The book consists of three sections The first identifies obstacles to our personal development the second deals with overcoming them and the third is the place where we want to be for the well being of ourselves and those around us The journal complements the book providing practical examples self reflection introspection and space for you to answer what concerns you The text in the book not only provides solutions but also the mindset of overcoming challenges self improvement thinking working on oneself seeing things from different perspectives It gives guidelines on what to work on overcome where to focus and work what to pay attention to and the possibility of finding that strength The sources from which you find them are within you and it all comes down to merging within you By awakening strength within oneself each

of us connects with our source whether it s God the Universe divine force energy nature or oneself Ebook is now only available online The printed version may come later

Your power within Blanca De la Rosa,2024-10-14 I began writing this book after my husband of 51 years passed away hoping to find my purpose in this new chapter of my life Without my best friend by my side I sought guidance and clarity Through my writing and research I learned to be patient with myself and the process embracing each day as it comes Digging deep into my subconscious to uncover my purpose required time effort and patience I discovered that within each of us lies an untapped well of strength Whether its in health career relationships or emotions our true power is ready to be harnessed By understanding the limits imposed upon us we can break free and create the world we dream of This book explores the souls journey and the quest for purpose and inner strength emphasizing patience and gradual progress The essence of the souls journey lies in accumulating and comprehending experiences Each action spoken word and emotion contributes to this path of learning growth and evolution Its a path of learning experiencing and evolving A soul journey is a route of spiritual and personal development that enables us to discover our passions connect with our inner selves and align with our greater purpose Its a journey to realizing our individual potential and reaching our destiny Throughout our journey we seek to find purpose and meaning beyond the material world At that point the concept of a soul journey becomes a reality

Ruling Energies Linda Marie, 2014-11-06 Has your life ever seemed to just spiral out of control One moment you have a simple thought the next your life has completely changed You may have stepped into a Ruling Energy stream For centuries the byproducts of emotional energy have been stored in streams which have grown in volume and power Your thoughts behaviors and emotions attach you to these streams and before you know it your wandering thought about how cute the new employee is turns into marital infidelity How did that happen You thought you were happy You've just been swept into the Ruling Energy of Mistress This first volume concentrates on identifying the Ruling Energies and the Tributaries that interconnect them and you Future volumes will explore each Ruling Energy indepth and provide archetype descriptions for personality behaviors within that Energy A sample list of Ruling Energies includes Mistress Energy Righteous Anger Addiction and Despair This volume Ruling Energies identifies the energies and discusses Love and Fear based energies Love is the strongest power in the Universe and its opposing energy is Fear Whether you realize it or not every choice you make is based on whether you are choosing from a place of love or a place of fear When choices are made from a place of fear you will continue to attract that kind of energy to you For instance you decide not to take a vacation because you are worried about spending too much money on things you don't need You stay home but then the hot water heater goes out so you end up spending the money anyway It can be argued that you have the money for the repair because you stayed home but it can also be said that regardless of how you plan you never truly have control of the energy money you are blessed with you are merely a steward of that energy When you make choices out of fear that you won't have enough then you attract that energy lack to you and the Universe has no choice but to bless you with lack That doesn't mean that you had to take a vacation or lose the money You could have made the same choice out of love a vacation would be nice but I really love the idea of saving up for a new car I can see myself driving it and have already picked out the color and model I love putting money in my car fund and can't wait until next payday so I can make another deposit That choice is being made from a place of love and the Universe
