**Ruthless** Shelia M. Goss, 2012-01-01 Shelia M Goss brings readers a modern day retelling of David and Bathsheba Bathsheba Richards has just discovered that she has a half sister who needs her help Sheba's long lost sister isn't too happy about their reunion though since she has a lot of problems of her own Sheba's dealing with her husband's boss who wants her all to himself After succumbing to his advances Sheba gets pregnant and there's no question about who the daddy is since her husband has been overseas for the past three months David King is the CEO of one of the largest media conglomerates in the country Few people know that David has a calling on his life but he's been running from it He thought having fame and fortune would fulfill the need Only after Sheba gets pregnant does he realize the error of his ways Praying for God's mercy David tries to right a wrong Whether he will succeed or fail remains to be seen With a long lost half sister and a husband who will surely feel betrayed Sheba's life is filled with turmoil Will David be her knight in shining armor as he professes to be or is her nightmare just beginning

**The Myth of Colorblind Christians** Jesse Curtis, 2021-11-09 Reveals how Christian colorblindness expanded white evangelicalism and excluded Black evangelicals In the decades after the civil rights movement white Americans turned to an ideology of colorblindness Personal kindness not systemic reform seemed to be the way to solve racial problems In those same decades a religious movement known as evangelicalism captured the nation's attention and became a powerful political force In *The Myth of Colorblind Christians* Jesse Curtis shows how white evangelicals' efforts to grow their own institutions created an evangelical form of whiteness infusing the politics of colorblindness with sacred fervor Curtis argues that white evangelicals deployed a Christian brand of colorblindness to protect new investments in whiteness While black evangelicals used the rhetoric of Christian unity to challenge racism white evangelicals repurposed this language to silence their black counterparts and retain power arguing that all were equal in Christ and that Christians should not talk about race As white evangelicals portrayed movements for racial justice as threats to Christian unity and presented their own racial commitments as fidelity to the gospel they made Christian colorblindness into a key pillar of America's religious racial hierarchy In the process they anchored their own identities and shaped the very meaning of whiteness in American society At once compelling and timely *The Myth of Colorblind Christians* exposes how white evangelical communities avoided antiracist action and continue to thrive today

**The Environment and Christian Ethics** Michael S. Northcott, 1996-09-28 A new approach to environmental ethics from within the Christian tradition

Early Christian Encounters with Town and Countryside Markus Tiwald, Jürgen Zangenberg, 2021-04-12 Ever since Jesus walked the hills of Galilee and Paul travelled the roads of Asia Minor and Greece Christianity has shown a remarkable ability to adapt itself to various social and cultural environments Recent research has demonstrated that these environments can only be very insufficiently termed as rural or urban Neither was Jesus Galilee only rural nor Paul's Asia only urban On the background of ongoing research on the diversity of social environments in the Early Empire this volume will focus on various

early Christian worlds as witnessed in canonical and non canonical texts How did Early Christians experience and react to rural and urban life What were the mechanisms behind this adaptability Papers will analyze the relation between urban Christian beginnings and the role of the rural Jesus tradition In what sense did the image of Jesus the Galilean village Jew change when his message was carried into the cities of the Mediterranean world from Jerusalem to Athens or Rome Papers will not only deal with various personalities or literary works whose various attitudes towards urban life became formative for future Christianity They will also explore the different local milieus that demonstrate the wide range of Christian cultural perspectives

The New Book of Christian Martyrs Johnnie Moore, Jerry Pattengale, 2023-03 An inspiring keepsake that honors the heroic sacrifice of today's martyrs for the Christian faith and shows how their actions mirror the courage of a long line of brave Christians In the twenty first century we are witnessing an escalation in Christian persecution like we have rarely seen since the first century Many people don't realize that today thousands of Christians are dying cruel deaths throughout much of the world There were in fact more martyrs in the last century than in all the previous Christian centuries combined Millions have given their lives since the fall of Rome and today tens of thousands die annually for their faith in Jesus Most of these modern stories are not legendary in fact many are unknown The New Book of Christian Martyrs commemorates those modern day heroes In this update to Foxe's Book of Martyrs Johnnie Moore and Jerry Pattengale highlight key martyrs of past centuries and feature stories of contemporary martyrs around the world Through tears Johnnie and Jerry offer this compendium of heroes from the first century to the twenty first century from Europe to Africa and from Asia to the Americas to inspire Christians around the globe Today we live in solidarity with them and in the next life we will rejoice by their side We will never forget their sacrifice for the truth

Palmer,2011-03-15 Recent events from strife in Tibet and the rapid growth of Christianity in China to the spectacular expansion of Chinese Buddhist organizations around the globe vividly demonstrate that one cannot understand the modern Chinese world without attending closely to the question of religion *The Religious Question in Modern China* highlights parallels and contrasts between historical events political regimes and cultural movements to explore how religion has challenged and responded to secular Chinese modernity from 1898 to the present Vincent Goossaert and David A Palmer piece together the puzzle of religion in China not by looking separately at different religions in different contexts but by writing a unified story of how religion has shaped and in turn been shaped by modern Chinese society From Chinese medicine and the martial arts to communal temple cults and revivalist redemptive societies the authors demonstrate that from the nineteenth century onward as the Chinese state shifted the religious landscape consistently resurfaced in a bewildering variety of old and new forms *The Religious Question in Modern China* integrates historical anthropological and sociological perspectives in a comprehensive overview of China s religious history that is certain to become an indispensable reference for specialists and students alike      **A General History of the Christian Era: The protestant revolution** Anthony Guggenberger,1925      **Cities Under Siege** Stephen Graham,2011-11-01 Cities are the new battleground of our increasingly urban world From the slums of the global South to the wealthy financial centers of the West *Cities Under Siege* traces the spread of political violence through the sites spaces infrastructure and symbols of the world s rapidly expanding metropolitan areas Drawing on a wealth of original research Stephen Graham shows how Western militaries and security forces now perceive all urban terrain as a conflict zone inhabited by lurking shadow enemies Urban inhabitants have become targets that need to be continually tracked scanned and controlled Graham examines the transformation of Western armies

into high tech urban counter insurgency forces He looks at the militarization and surveillance of international borders the use of security concerns to suppress democratic dissent and the enacting of legislation to suspend civilian law In doing so he reveals how the New Military Urbanism permeates the entire fabric of urban life from subway and transport networks hardwired with high tech command and control systems to the insidious militarization of a popular culture corrupted by the all pervasive discourse of terrorism     **A General History of the Christian Era** Anthony Guggenberger,1908

**Traditional Churches, Born Again Christianity, and Pentecostalism** Yonatan N. Gez,2018-09-08 In Kenya s vibrant urban religious landscape where Pentecostal and traditional churches of various orientations live side by side religious identity tends to overflow a single institutional affiliation While Kenya s Christianity may offer modes of coping with the fragilities of urban life it is subject to repeated crises and schisms often fueled by rumors and accusations of hypocrisy In order to understand the unfolding of Kenyans dynamic religious identities and inspired by the omnipresent distinction between religious membership and church visits Yonatan N Gez considers the complementary relations between a center of religious affiliation and expansion towards secondary practices Building on this basic distinction the book develops a theoretical innovation in the form of the religious repertoire model which maps individuals religious identities in terms of three intertwined degrees of practice     **A General History of the Christian Era: The Protestant revolution. 10th and 11th ed. 1918** Anthony Guggenberger,1913

McClendon III,2017-07-03 Most white philosophers of religion generally presume that philosophy of religion is based on what is a false universality whereby the white Western experience is paradigmatic of humanity at large The fact remains that Howard Thurman James H Cone and William R Jones among others have produced a substantial amount of theological work quite worthy of consideration by philosophers of religion Yet this corpus of thought is not reflected in the scholarly literature that constitutes the main body of philosophy of religion Neglect and ignorance of African American Studies is widespread in the academy By including chapters on Thurman Cone and Jones the present book functions as a corrective to this scholarly lacuna
