Katherine Mansfield's French Lives explores how both the literary cultural editorial and biographical influence of French arts and philosophy and life as an migrant in France shaped Mansfield's evolution as a key modernist writer while setting her within the geographies and cultural dynamics of Anglo French modernism Mansfield's many stays in France were decisive in intellectual personal and psychological terms discovering Murry's Paris and the Left Bank escaping to the War Zone to join Francis Carco living as a civilian in wartime during the bombardments of Paris travelling and finding lodgings as a single woman in war ravaged towns the experience of bereavement and debilitating ill health abroad and the joys and pitfalls for an outsider of a foreign land and idiom The Cambridge Companion to Modernist Culture Celia Marshik, 2015 This companion provides students and scholars alike with an interdisciplinary approach to literary modernism Through essays written on a range of cultural contexts this collection helps readers understand the significant changes in belief systems visual culture and pastimes that influenced and were influenced by the experimental literature published around 1890 1945 *Ezra Pound: Poet* Anthony David Moody, 2007-10-11 Volume I of a major new two part biography Contentious colourful revolutionary here is the young Pound a determined and energetic genius setting out to make his way both as a poet and as a force for civilization in England and America Covering the years up to 1920 David Moody explores Pound's alliances with Yeats Eliot and Wyndham Lewis the birth of Vorticism and his poetry up to Hugh Selwyn Mauberley and the first Cantos

Ezra Pound: Poet A. David Moody, 2007-10-11 This first volume of what will be a full scale portrait presents Ezra Pound as a very determined and energetic young genius setting out to make his way both as a poet and as a force for civilization in England and America in the years before during and just after the 1914 18 war In a clear and lively narrative A David Moody weaves a story of Pound's early life and loves of his education in America of his apprentice years in London devoted to training himself to be as good and powerful a poet as he had it in him to become of his learning there from W B Yeats and Ford Madox Hueffer then forming his own Imagiste group and going on from that to join with Wyndham Lewis in his Vorticism and to link up also with James Joyce and T S Eliot to create the modernist vortex in the midst of the 1914 18 war We see Pound scraping a living by writing prose for individualist and socialist periodicals and emerging as not only an inspired literary critic but as a critic of music and society as well Above all Moody shows Pound's evolution as a poet from the derivative idealism and aestheticism of his precocious youth into the truly original author of *Homage to Sextus Propertius* and Hugh Selwyn Mauberley We find Pound established by 1920 as a force for revolution in poetry as a force for the liberation of the individual from stifling conventions and as a force for renaissance in America We find him becoming committed moreover to the reform of the capitalist system in the name of economic justice for all This is the first biography

to put Pound's poetry at the heart of his existence where he himself placed it and to view his extraordinarily active life, his loves and his creative effort as a single complex drama. The altogether new and comprehensive account of all of his poems from the earliest through Cathay and up to Hugh Selwyn Mauberley and the first Cantos will illuminate his poetry and make it more accessible. With that there is an exceptionally clear and cogent analysis of the ideas informing his Imagisme and his Vorticism and of the ideas informing his commitments to the freedom and fulfilment of the individual to a cultural renaissance and to social and economic reform. The poetry, the prose writings and the personal life are all woven together into a brilliant narrative portrait of the poet as a young man. The second volume, *The Epic Years*, carries on the narrative of his life and works from 1921, the year in which he took up residence in Paris.

Modern Buildings in Britain Owen

Hatherley, 2022-04-07 The definitive illustrated guide to modern British architecture from one of the most acclaimed critics at work today. Modernism is now a century old and its consequences are all around us, built into our everyday lived environments. Its place in Britain's history is fiercely contested and its role in our future is the subject of ongoing controversy, but modernist buildings have undoubtedly changed our cities, politics and identity forever. In *Modern Buildings in Britain*, Owen Hatherley applauds the ambition and explores the significance of this most divisive of architectures, travelling from Aberystwyth to Aberdeen, from St Ives to Shetland in search of our most important and distinctive modern buildings. Drawing on hundreds of examples, we learn how the concrete of Brutalism embodies post-war civic principles, how corporate values were expressed in the glass facades of the International Style and why Ecomodernist experimentation is often consigned to the geographic fringes. As Hatherley considers the social, political and cultural value of these structures, a number of which are threatened by demolition, two linked questions emerge: what happens to a building after it has been lived in and what becomes of an idea when its time has passed. With more than six hundred pages of trenchantly opinionated, often witty analysis and with three hundred photographs in duotone and colour, *Modern Buildings in Britain* is a landmark contribution to the history of British architecture.

The Ezra Pound Encyclopedia Demetres P. Tryphonopoulos, Stephen J.

Adams, 2005-04-30 Ezra Pound forever changed the course of poetry. The author of a vast body of literature, his enormous range of references and use of multiple languages make him one of the most obscure authors, and because of his Fascism, anti-Semitism and questionable sanity, one of the most controversial. This encyclopedia is a concise yet comprehensive guide to his life and writings. Included are more than 250 alphabetically arranged entries on such topics as Arabic history, Chinese translation, dance, Hilda Doolittle, Egyptian literature, Robert Frost and Pound's publications. The entries are written by roughly 100 expert contributors and cite works for further reading. Ezra Pound forever changed the course of poetry. His vast

body of poetry and critical works make him one of the 20th century's most prolific writers and his influence has shaped later poets great and small. His enormous range of references, deliberate obscurity, and use of multiple languages make him one of the most difficult authors, and because of his Fascism, anti-Semitism, and questionable sanity, one of the most controversial figures in American literary history. This encyclopedia is a concise yet comprehensive guide to his life and writings.
