The Oldest Trick in the Book Ben M. Debney, 2020-07-03 This book investigates the normalisation of blame shifting within ideological discourse as a broad feature of history working from Churchill's truism that history is written by the victors To that end it explores historical episodes of political persecution carried out under cover of moral panic highlighting the process of Othering common to each and theorising a historical model of panic driven scapegoating from the results Building this model from case studies in witch panic communist panic and terrorist panic respectively *The Oldest Trick in the Book* builds an argument that features common to each case study reflect broader historical patterning consistent with Churchill's maxim On this basis it argues that the periodic construction of bogeymen or folk demons is a useful device for enabling the kind of victim playing and victim blaming critical to protecting elite privilege during periods of crisis and that in being a recurring theme historically panic driven scapegoating retains great ongoing value to the privileged and powerful and thus conspicuously remains an ongoing feature of world politics

War in the Shallows John Darrell Sherwood, 2015 *War in the Shallows* published in 2015 by the Naval History and Heritage Command is the authoritative account of the U S Navy's hard fought battle along Vietnam's rivers and coastline from 1965-1968 At the height of the U S Navy's involvement in the Vietnam War the Navy's coastal and riverine forces included more than 30 000 Sailors and over 350 patrol vessels ranging in size from riverboats to destroyers These forces developed the most extensive maritime blockade in modern naval history and fought pitched battles against Viet Cong units

in the Mekong Delta and elsewhere War in the Shallows explores the operations of the Navy's three inshore task forces from 1965 to 1968. It also delves into other themes such as basing technology, tactics and command and control. Finally, using oral history interviews, it reconstructs deckplate life in South Vietnam, focusing in particular on combat waged by ordinary Sailors. Vietnam was the bloodiest war in recent naval history and War in the Shallows strives above all else to provide insight into the men who fought it and honor their service and sacrifice. Illustrated throughout with photographs and maps. Author John Darrell Sherwood has served as a historian with the Naval History and Heritage Command (NHHC) since 1997. Provided by publisher.

Fear of Mirrors Tariq Ali, 2016-11-29 The story of a family whose life mirrors the rise and fall of the Soviet Union. With the fall of Communism, East German dissident Vlady Meyer's life begins to fall apart. As the German nation unifies, his wife splits up with him. He loses his university job now that the times have turned against his Marxist views. He wants to tell his alienated son Karl what his family's long and passionate involvement with communism really meant, but he can't. Vlady's story is interwoven with that of Ludwik Kim Philby's recruiter and his four comrades, brilliant Galician secret agents working for the Fourth Department of the Red Army. Thoughtful and intimate, *Fear of Mirrors* unfolds an expansive plot that touches on the greatest political upheavals of the twentieth century. Its protagonist captures the hopes once roused by the Bolshevik Revolution and the hard realities that followed. Vlady Meyer is a mirror reflecting impeccably the intellectual milieu of an incomparable period.

The Limits of Kindness Caspar Hare, 2013-08-29 Caspar Hare presents a novel approach to questions of what we ought to do and why we ought to do it. The traditional way to approach this subject is to begin by supposing a foundational principle and then work out its implications. Consequentialists say that we ought to make the world impersonally better, for instance, while Kantian deontologists say that we ought to act on universalizable maxims. And contractualists say that we ought to act in accordance with the terms of certain hypothetical contracts. These principles are all grand and controversial. The motivating idea behind

The Limits of Kindness is that we can tackle some of the most difficult problems in normative ethics by starting with a principle that is humble and uncontroversial Being moral involves wanting particular other people to be better off From these innocuous beginnings Hare leads us to surprising conclusions about how we ought to resolve conflicts of interest whether we ought to create some people rather than others what we ought to want in an infinite world when we ought to make sacrifices for the sake of needy strangers and why we cannot on pain of irrationality attribute great importance to the boundaries between people *Daily Report, Foreign Radio Broadcasts* United States. Central Intelligence Agency,1967 Kill It to Save It Corey Dolgon,2017-04-05 For decades now American voters have been convinced to support public policies that only benefit those in power But how do the powerful extract consent from citizens whose own self interest and collective well being are constantly denied And why do so many Americans seem to have given up on quality public education on safe food and safe streets on living wages even on democracy itself Kill It to Save It lays bare the hypocrisy of contemporary US political discourse documenting the historical and theoretical trajectory of capitalism s triumph over democracy Tackling the interconnected issues of globalization neoliberalism and declining public institutions Corey Dolgon argues that American citizens now accept reform policies that destroy the public sector seemingly in the public interest and a political culture that embraces what Stephen Colbert calls truthiness a willingness to agree to arguments that feel right in the gut regardless of fancy science or messy facts In a narrative that stretches from the post Vietnam War era to the present parade of political reality TV and debates over Black Lives Matter Dolgon dismantles US common sense cultural discourse His original alternative account reveals that this ongoing crisis in US policy will not cease until a critical mass of American citizens recognize what has been lost and in whose interest **This Time We Win** James Robbins,2012-10-16 Most of what Americans have heard about the Tet Offensive is wrong The brief battles in early 1968 during the Vietnam conflict marked the dividing line between gradual progress toward possible victory and slow descent to a humiliating defeat That the enemy was handily defeated on the ground was considered immaterial that it could mount attacks at all was deemed a military triumph for the Communists This persistent view of Tet is a defeatist story line that continues to inspire America s foreign enemies and its domestic critics of the use of force abroad In *This Time We Win* James S Robbins at last provides an antidote to the flawed Tet mythology still shaping the perceptions of American military conflicts against unconventional enemies and haunting our troops in combat In his re examination of the Tet Offensive Robbins analyzes the Tet battles and their impact through the themes of terrorism war crimes intelligence failure troop surges leadership breakdown and media bias The result is an explosion of the conventional wisdom about this infamous surge one that offers real lessons for today s unconventional wars Without a clear understanding of these lessons we will find ourselves refighting the Tet Offensive again and again A Great Disorder Richard Slotkin,2024-03-05 The culture wars are pitting us against each other with a vitriol that is fueling outright violence Slotkin looks to the foundational myths that have shaped American identity the Frontier the

Haseman,2022-09-14 On his second tour in Vietnam U S Army Captain John Haseman served 18 months as a combat advisor in the Mekong Delta s Kien Hoa Province His detailed

memoir gives one of the few accounts of a district level advisor's experiences at the point of the spear. Often the only American going into combat with his South Vietnamese counterparts, Haseman highlights the importance of trust and confidence between advisors and their units and the courage of the men he fought with during the 1972 North Vietnamese summer offensive. Among the last advisors to leave the field, Haseman describes the challenges of supporting his counterparts with fewer and fewer resources and the emotional conclusion of an advisory mission near the end of the Vietnam War. **No Other Road to Take** Thị Định Nguyễn, 1976. Now in its seventh printing, the memoir of a woman whose strength, courage, and intelligence had a profound impact on Vietnamese history. Not simply a participant in the Viet Minh resistance against the French, Mrs. Nguyen Thi Dinh was also an active leader who organized the uprising in Ben Tre province against the Diem regime, was appointed to the leadership committee of the National Liberation Front (NLF), and served as Chairman of the South Vietnam Women's Liberation Association. The oppressive policies of Diem and the problems of civil war and American involvement are described with powerful immediacy, effectively illustrating the patriotic fervor and determination of those she fought with and helped lead.
