to prove their company's value and build their customer base. The authors estimate that the average small business owner spends 10 to 15 percent of their annual revenue on advertising. The authors note that this is a significant investment, but one that is often overlooked. They argue that small businesses should focus on building a strong brand and a loyal customer base, rather than relying on short-term sales tactics. This can be achieved through a combination of online and offline marketing strategies, such as social media, email marketing, and direct mail. The authors also emphasize the importance of measuring the effectiveness of marketing efforts and adjusting strategies accordingly. By following these guidelines, small businesses can effectively reach their target audience and drive growth.
