Assignment of Benefits and Authorization to Release Medical Information

I hereby certify that the insurance information I have provided is accurate, complete, and current and no other coverage or insurance exists. I assign my right to receive payment of authorized benefits under Medicare, Medicaid, and/or any of my insurance carriers to the provider or supplier of any services furnished to me by that provider or supplier. I authorize LJ Medical to file an appeal on my behalf for any denial of payment and/or adverse benefit determination related to services and care provided. If my health insurance plan does not pay LJ Medical directly, I agree to forward to LJ Medical all health insurance payments which I receive for the services rendered by LJ Medical and its health care providers. I authorize LJ Medical or my holder of medical information about me or the patient named below to release to my health insurance plan such information needed to determine these benefits or the benefits payable for related services. I understand that if my insurance plan does not participate in the LJ Medical network, or if I am a self-pay patient, this assignment of benefits may not apply.

Guarantee of Payment & Pre-Certification

In consideration of the services provided by LJ Medical and its providers, I agree that I am responsible for all charges for services provided that are not covered by my health insurance plan or for which I am responsible for payment under my health insurance plan. I agree to pay all charges which are not covered by my health insurance plan or for which I am responsible for payment under my health insurance plan. I further agree that, to the extent permitted by law, I will reimburse LJ Medical for all costs, expenses and attorney's fees incurred by LJ Medical to collect these charges.

I understand that if my insurance has a pre-certification or authorization requirement, it is my responsibility to notify the carrier of services rendered according to the plan's provisions. I understand that my failure to do so will result in reduction or denial of benefit payment and I will be responsible for all balances.

Consent to Treatment

As a LJ Medical patient, I voluntarily consent to the rendering of such care and treatment as the LJ Medical providers and personnel, in their professional judgment, deem necessary for my health and well-being. If I request or initiate a telehealth visit (a "virtual visit"), I hereby consent to participate in such telehealth visit and understand I may terminate such visit at any time.

Reducing Brain Damage Great Britain: Parliament: House of Commons: Committee of Public Accounts,2006-07-11 Strokes are one of the top three causes of death in England and a leading cause of adult disability There are 110 000 strokes each year in England with a quarter occurring to people under 65 years Some 300 000 people in England are living with moderate to severe disabilities as a result of a stroke As the NAO report on this subject pointed out HCP 452 session 05 06 NAO ISBN 010293570X it costs the economy in total about 7 billion a year with the direct cost to the NHS about 2.8 billion This Committee of Public Accounts report takes evidence from the Department of Health and sets out a number of recommendations The cost of stroke in both economic and human terms could be reduced by re organizing existing services more effectively Brain scans of many stroke patients are being delayed

everyone who suffers a stroke should be scanned as soon as possible after arrival in hospital and should not wait more than 24 hours Stroke patients should spend longer in hospital on a stroke unit this could reduce the number of deaths There needs to be an increase in the number of consultants who have training in dealing with strokes as well as therapists and other specialist staff with expertise in stroke care across the primary and secondary healthcare sectors The Department of Health should improve provision of information to stroke survivors and carers so they are made more aware of the support services available The Department should run an awareness campaign to improve public knowledge about strokes *Document Tampering and Mishandling at the U.S. Department of Veterans Affairs* United States.
