

Nordberg new generation cone crushers: Keeping you ahead

There's no better choice than a cone crusher when it comes to . . .

- high productivity,
- low operating and wear costs,
- long service life, and high product yield with desired shape and gradation.

Metso leads this market with its high performance HP Series cone crushers for the aggregate and mining markets.

HP (High Performance) Series cone crushers feature a unique combination of crusher speed, throw, and cavity design. This combination is renowned for providing higher capacity and superior product quality, and having a wider range of application suitability:

- limestone to taconite,
- road ballast to manufactured sand,
- compact portable plant to the largest stationary.

Field-proven HP series cone crushers provide unbeatable performance in secondary, tertiary, and quaternary applications. They provide the highest capacity, the best product shape, the highest on-spec yield, easy automation, and the greatest possible reliability and flexibility.

The next generation

The HP3 follows successful HP4 and HP6 as the third model of an all-new range of high

performance cone crushers, which benefits from the very latest in Metso crushing technology. Its heavy duty design is a tribute to our 70+ years of experience with the Symons cone, known world-over for its rugged construction and application versatility. Labor saving features such as hydraulic setting adjustment, tramp release and cavity clearing recall the innovative Nordberg Omnicone and first generation of HP crushers.

But the next generation achieves new heights with unique features that produce the highest reduction ratios, ease of operation and low maintenance requirements. New cone delivers the highest performance and lowest operating costs. Make more product, better product at the same time improving the workplace and helping the environment.

Designed for your needs

Fact. In today's dynamic crushing and screening environment, you adapt and innovate or you fall behind. That's why Metso listens to its customers, to find out what they need to succeed. To be honest, a lot of you seemed conflicted, wanting a high capacity tertiary/quaternary machine with:

- a small profile,
- tight settings,
- minimized operating costs, and
- the versatility for re-crushing.

Metso's research and development team met that challenge with the new cone crushers. No more conflict. Designed for maximum versatility and hardest applications, it provides maximized productivity while minimizing operating costs.

Why new generation cone crushers?

- Highest performance
- Less downtime
- Easy to maintain
- Power efficient
- Versatility
