 Resolving the Innovation Paradox G. Haour,2003-11-17 Innovation is central to the success of technology companies The CEOs of these companies must make a priority of ensuring that technical know how is effectively converted into value The paradox is that they rarely do Resolving the Innovation Paradox shows how to put innovation for longer term growth at the centre of the CEO radar One tool is distributed innovation Distributed innovation offers companies two main benefits First

companies raise revenue by using channels such as licensing and selling innovation projects Second companies tap into external technical know how combining it seamlessly with their internal capabilities to develop high impact products and services Unconstrained by internal resources such firms gain in agility Resolving the Innovation Paradox offers examples from companies such as Generics Intel Nokia and Samsung The book is addressed to all readers interested in managing innovation Global Networks C. Ibbott,2007-10-11 This fascinating book provides a unique experiential view into the hidden globalization of Vodafone in which was created a social network that was engaged in the acquisition and deployment of a global network of mobile technology that now serves a proportionate mobile customer base of more than 190 million

Network World ,2002-09-09 For more than 20 years Network World has been the premier provider of information intelligence and insight for network and IT executives responsible for the digital nervous systems of large organizations Readers are responsible for designing implementing and managing the voice data and video systems their companies use to support everything from business critical applications to employee collaboration and electronic commerce *The Legal 500* ,1999
