More on making and answering calls

Handfree calls

Your system administrator must enable the handfree feature for your telephone in system programming.

- Press the handfree button on your telephone to make or answer a call.
- To switch to handfree when you are on a call, press the handfree button and replace the handset. Lift the handset to switch back.

Depending on the system software, the handfree feature will be assigned to one of these buttons on your telephone.

How to determine the handfree button assignment on your telephone

- Press **[F1]**.
- If you hear dial tone, **[F1]** is the assigned handfree button on your telephone.
- If the display shows **Handfree**, your system administrator must enable the handfree feature for your telephone in system programming.
- If you hear an error tone, the handfree feature is assigned to button 10 on your telephone.

Headset calls

- Press **[H]** to activate the headset mode. When the **[H]** light is on, press a line or intercom button to make a call.
- Press **[H]** to answer a call when the telephone rings or when an intercom or line button indicator (▲ or ▲) flashes.
- To switch to your headset when you are on a call, press **[H]** and replace the handset. Lift the handset to switch back.

Warning

Nortel Networks does not support the connection of a headset to the T7316E telephone, unless handfree is enabled within the system programming. If handfree is not enabled, certain call handling features may not work as intended.
