A Career to Make Life Worth Living

Many teenagers spend a lot of time contemplating what they want to do when they graduate from high school. I am fortunate in that I already know; I decided to become a veterinarian when I was two or three years old. Just like humans, animals need people to treat them with the respect and dignity they deserve, and I want to be one of those people. Because of this, I am doing all I can at Reavis to lay the groundwork for my success in college. Then, once I am in college, I will study and learn about all species of animals. Finally, I will find happiness in my career as a veterinarian because when animals need my assistance, I know that I will be able to help them.

First, as a freshman at Reavis High School, I keep in mind my lifelong dream of becoming a veterinarian. I have been taking my education here very seriously, because I know that a person needs to be not only knowledgeable, but also extremely disciplined in order to become a veterinarian. Because of this, I work hard to earn good grades, I take pride in my work, and I have learned to manage my time properly. These skills will be particularly valuable when I enter college.
