Brown, Tom Chambers, 1999 For introductory courses in Personal Finance This new edition of Brown's best selling text provides students with the basic principles concepts and vocabulary necessary to cope with the tricky world of personal finance In five previous editions instructors uniformly praised Brown's accessible writing style and strong pedagogical features The sixth edition has been further enhanced with the addition of new boxed material and new lists of internet sites a streamlining of chapters near the end of the book to reduce its overall length the incorporation of current data and statistics the addition of new appendices new CBC videos and video cases and a free disk containing electronic worksheets using Excel

Personal Finance Robert S. Rosefsky, 1982 **The Essential Guide to Business Communication for Finance Professionals** Jason L. Snyder, Lisa A.C. Frank, 2016-09-28 Communication skills are a competitive advantage for today's finance professionals Savvy professionals know that employers want and need employees with excellent relationship building writing and presentation skills The Essential Guide to Business Communication for Finance Professionals asks its readers to adopt the communicate or die philosophy in their approach to their careers Two business professors with years of experience in finance and communication offer advice and tips for approaching some of the most common business communication situations faced by today's finance professionals Readers will walk away from this book with tools to manage their professional image and reputation *The Greek State at War* William Kendrick Pritchett, 1974 The volumes of The Greek State at War are an essential reference for the classical scholar Professor Pritchett has systematically canvassed ancient texts and secondary literature for references to specific topics each volume explores a unique aspect of Greek military practice Sustainable Construction Charles J. Kibert, 2016-05-02 The leading green building reference updated with the latest advances in the field Sustainable Construction is the leading reference for the design construction and operation of high performance green buildings With broad coverage including architecture engineering and construction this book nevertheless delivers detailed information on all aspects of the green building process from materials selection to building systems and more This new fourth edition has been updated to reflect the latest codes and standards including LEED v4 and includes new coverage of carbon accounting The discussion has been updated to align with the current thinking on economics climate change net zero buildings and more with contributions by leaders in the field that illustrate the most recent shifts in thinking and practice Ancillary materials including an instructor's manual and PowerPoint presentations for each chapter help bring this clear and up to date information into the classroom making this book a valuable reference for

working construction professionals Also Interactive graphics found throughout the course help activate the content and highlight key concepts for students Sustainable construction has gone mainstream and will one day be the industry norm This book provides a comprehensive reference to all aspects of a project to show you how green building concepts and principles apply throughout the design and construction process Get up to date on the latest green building codes and standards Learn about the newest technology in green building materials Adopt the best practices in procurement and delivery systems Apply sustainability concepts to all aspects of construction and design Green buildings operate at a very high level of efficiency which is made possible only by careful consideration every step of the way Appropriate land use landscaping construction materials siting water use and more all play a role in a structure s ultimate carbon footprint Sustainable Construction provides clear guidance for all aspects of green building including the most recent advances and the latest technology

The Greek State at War W. Kendrick Pritchett, 1974 Professor Pritchett is an acknowledged authority in more than a few techniques of investigation and readers can immediately see that they are in safe hands What can be known is clearly presented What is not known is identified Erroneous explanations throughout the history of classical scholarship are cited and disassembled He takes into account the special conditions that control interpretation of epigraphical texts He includes matters of topography numismatics and vase painting He asks questions a reader might never have thought to ask e g Where is booty from a battle sold His questions and surveys lead naturally and inevitably to topics as large as the Athenian economy in the fourth century B C A L Boegehold Brown University Pritchett s Greek State at War is one of the monuments of classical scholarship in our time A work that every student of Greek history will consult whenever he is concerned with war in the Greek world No ancient historian can possibly do without it The implications of the work extend in many directions into Greek psychology religion political thinking and students will be kept busy for a long time in considering them in detail Sir Moses Finley
