Reading Engagement for Tweens and Teens Margaret K. Merga, 2018-12-01 Identifies evidence backed and easy to implement strategies for encouraging young people to read and helps you to position your library as an indispensable resource for supporting reading While most reading research focuses on young children this book looks at how to support reading beyond the early years and into adulthood Reporting on strong peer reviewed research supported by sound theoretical and methodological approaches it emphasizes the practical implications of these findings sharing what this means for you in terms of how you can be a powerful positive reading model and influence in young people s lives Enriched with the voices of today s young people the book includes quotes that allow readers to decide how to support reading engagement for tweens and teens based on what would make them read more as expressed in their own words Engaging and readable it will be of interest to school and public librarians and can be shared with teachers parents and other literacy instructors and advocates

*The Achievement Gap in Reading* Rosalind Horowitz, S. Jay Samuels, 2017-04-07 In this volume prominent scholars experts in their respective fields and highly skilled in the research they conduct address educational and reading research from varied perspectives and address what it will take to close the achievement gap with specific attention to reading The achievement gap is redefined as a level at which all groups can compete economically in our society and have the literacy tools and habits needed for a good life Bringing valuable theoretical frameworks and in depth analytical approaches to interpretation of data the contributors examine factors that contribute to student achievement inside the school but which are also heavily influenced by out of school factors such as poverty and economics ethnicity and culture family and community stratifications and approaches to measurement of achievement These out of school factors present possibilities for new policies and practice The overarching theme is that achievement gaps in reading are complex and that multiple perspectives are necessary to address the problem The breadth and depth of perspectives and content in this volume and its conceptualization of the achievement gap are a significant contribution to the field

*SELF - Driving Positive Psychology and Wellbeing* Frédéric Guay, Herbert Marsh, Dennis M. McInerney, Rhonda G. Craven, 2017-08-01 Research on the Self relates to various phenomena including self esteem self concept self verification self awareness identity self efficacy passion self determination goals etc that are predictive of optimal functioning and well being Such a research endeavor is consistent with the positive psychology movement focusing on the scientific study of what makes people psychologically healthy happy and satisfied in their lives as well as on their strengths and virtues The positive psychology movement cultivates a sensible approach to optimal human functioning and well being in various life contexts Chapters in this volume will illustrate some of the best of the research on the interplay between the self and positive psychology to show the potential of this research for transforming our societies SELF Driving Positive Psychology and Well being thus provides a unique insight into self and its fundamental role for well being This volume is intended to develop both theoretical and

methodological ideas and to present empirical evidence of various phenomenon important for well being The scope of the volume is thus very broad and provides a framework for the development of the chapter as authors see most appropriate
