

Name _____

Birds

Date _____

Birds are incredible creatures that can be found all around us. With their colorful feathers and melodious songs, they bring joy to our lives. From tiny hummingbirds to majestic eagles, there is a wide variety of birds in the world. Birds have unique abilities, such as flying high in the sky and building intricate nests. Their diverse species and behaviors make them fascinating subjects for observation and study.

Questions:

1. What makes birds fascinating creatures?
2. Can you describe the appearance of a bird?
3. Name one ability that birds have.
4. Give an example of a small bird.
5. Why do you think birds build nests?

Getting the Old Testament Steven L. Bridge,2009-07-01 As readers of texts written in antiquity we frequently find ourselves in the position of one who overhears a conversation without the benefit of its context The likelihood of humorous or tragic misunderstanding is palpable In Getting the Old Testament What It Meant to Them What It Means for Us Steve Bridge examines a number of important texts and genres found in the Old Testament By bringing what is known of their original historical and literary context to light he clearly demonstrates how important it is to know the cultural background of those to whom a text was originally addressed Bridge helps us as modern readers to grasp the intended significance of these ancient texts Using modern illustrations from Bart Simpson to fortune cookies and discussing texts from Genesis to Jonah to Ecclesiastes Bridge succeeds in making difficult texts come alive for the reader as applying practically to modern life Each chapter begins with a story event or illustration that draws the reader into the point which Bridge wishes to make with regard to the clearest understanding of a particular text or given group of texts The most poignant of these illustrations is found at the beginning of his chapter on the book of Job in which he starts with the story of Lou Gehrig and the disease that took his life ALS known more commonly as Lou Gehrig s Disease and which ends with his own father s death from ALS An annotated list of suggested readings as well as subject and scripture indexes make this a practical book for college classes
