Real Magic Spells

Learn why only dark spells can work!

For a spell to work it must have complete control and dominance over a situation - this can only be achieved by casting spells capable of that, rather than casting spells that influence an outcome only. 'Influence' means 'To have an effect on' not control over. While magic influences, **BLACK MAGIC & Satanic Spells CONTROL**

Carrying a good luck charm may well attract luck to you, but it will not control or transform a situation unlike black magic. My spells work because all situations have numerous potential possible outcomes initially, including the one you desire (if you can imagine it, then it is possible), my black magic then filters out and blocks what you don't want, by **FORCE**. The outcome you seek becomes the only possible outcome, and your **FORCE** is sealed.
