The Oxford Handbook of Deification Paul L. Gavrilyuk, Andrew P. Hofer, Matthew Levering, 2024-07-19 Modern theological engagements on deification have undergone two major paradigm shifts First the study of deification shifted from the periphery of theological discourse to its center For Adolf von Harnack deification was a pagan import that fatally corrupted and distorted the Gospel message of salvation In response the positive retrieval of the concept of deification belongs to the early years of the twentieth century By the 1910s in Russian religious thought and by the 1930s in much Roman Catholic theology deification had become a magnet concept attracting attention from many different viewpoints The second important shift relates to how deification is characterized Recent studies question the exclusively Eastern character of deification and draw attention to the engagements of this theme in Latin patristic and later Western Christian sources Reassessing the evidence for these two major shifts *The Oxford Handbook of Deification* comprehensively explores the points of convergence and difference on the constitutive elements of deification in different traditions and offers a foundation for ecumenical and interreligious dialogues The Handbook's first part analyzes the cultural and scriptural roots of deification the second part explores the most significant historical contributions to the understanding of deification in the early medieval and modern periods the third part develops systematic connections Readers will discover a surprising breadth depth and diversity of theologies of deification in Christian traditions Throughout the Handbook leading scholars in the field of Deification Studies propose vital new insights from a variety of perspectives for this central mystery at the heart of the Christian faith
