The Owner's Manual for Christians Charles R. Swindoll,2011-02-14 It s never too late Whether you re a new Christian or you ve walked the road for decades it s never too late to find the critical truths that make life make sense We often start out believing that common sense will be enough that we re prepared for the road ahead with our good values and quick thinking It doesn t take long to learn otherwise A broken friendship An obsessive career Financial distress Even empty success We come back to God searching for insight for hope And He provides Nothing can replace studying the Bible Best selling author and pastor Charles Swindoll has spent decades studying its pages and teaching its precepts But if sixty six books seem overwhelming The Owner s Manual for Christians is the perfect starting place a biblical summary of the major truths that anchor the Christian life From grace to freedom these chapters walk the reader through the keys to a life well lived drawn from the Creator of life itself Life is often confusing but it does not have to be impossible Read The Owner s Manual for Christians and find hope for the road ahead

Sound of Music Stephen Gislason,2018-06-01 book by Stephen Gislason emerged from his Music Notes collected over many years The topics cover a wide range of interests from the history of instruments music theory composing to the most current technologies involved in music composition and sound recording A special chapter on the Musical Brain explains current knowledge in the brain processing of sound as it applies to language and music decoding A chapter on the Music Business reviews the dramatic changes in music marketed and discusses some of the dilemmas and controversies facing musicians Preface This book emerged from notes I have kept for several decades I have spent much time studying music theory electronics applied to sound reproduction and to performance skills I decided to assemble my music notes so that any person interested in music could benefit from simple clear explanations Music descriptions often are too complicated and the use of terms can be inconsistent and confusing As with other subjects I have tackled I assumed that with a little extra effort more precise descriptions would be welcomed by readers seeking a practical understanding of music The book begins with a consideration of what sound is and how animals use sounds to communicate Music is not a human invention but we do elaborate sound communication more than other animals in our production of both speech and musical performances The discussion continues with noise an important topic that is poorly understood A well informed musician will refrain from making noise and understand Ambrose Bierce when he stated Of all noise music is the less offensive I include acoustic and electronic instruments in my discussions of music creation In my world electronics dominate every aspect of work and play and most music I create and listen to was

created stored and distributed electronically The art and science of recording is an important study for all 21st century musicians Increased sophistication about the nature of sound the art of combining musical sounds and the effect on the listener's brain are all required for music to advance beyond noise toward a more effective means of human communication

Stephen Gislason 2016 *Soul Reaper* Eve Langlais, 2024-07-25 Being a hero would be a lot easier with an instruction manual A hero's work is never done I'm the guild's only reaper witch and it's my job to save humanity After a few hiccups I rose to the challenge and expelled the demon king from Earth however Moloch's time in exile allowed another demon prince to rise in ranks Not good since this self-proclaimed Emperor of Inferis is planning an invasion While I've managed to finally hone my magic and no longer suck at physical combat there's still much to do Seducing two sexy reapers is at the top of that list but I also need to pay a debt to a mysterious voice Finding a body for the portal entity to inhabit might have to take a backburner though given everything else going on The new demonic Emperor isn't just looking to rule Earth it's got an interest in me I just can't figure out why Perhaps it's time to put down the training scythe hit the books and learn the origin of my power The truth ends up being even worse than expected and I might have to do the unthinkable to save everyone I love I only hope I don't lose my soul in the process A dark urban fantasy featuring an older heroine a love triangle and a destiny long in the making
