Traditions, Tendencies and Movements

Second Edition

Stephen Shenfield

Russian Fascism Traditions Tendencies Movements Paperback

Rosina Ehmann

Russian Fascism Traditions Tendencies Movements Paperback:

Russian Fascism Stephen Shenfield, 2016-07-08 First Published in 2001 This study presents a thorough analysis of facism its manifestations in Russian political and cultural history and facist tendencies and movements in contemporary Russian society **Russian Fascism: Traditions, Tendencies and Movements** Stephen Shenfield, 2015-02-12 This study presents a thorough analysis of facism its manifestations in Russian political and cultural history and facist tendencies and movements in contemporary Russian society **Russian Fascism** Stephen Shenfield, 2015 This study presents a thorough analysis of facism its manifestations in Russian political and cultural history and facist tendencies and movements in contemporary Russian society *The Extreme Nationalist Threat in Russia* Thomas Parland, 2004-11-10 This book examines the nature of the extreme right in contemporary Russia arguing in particular that alongside a continuing tradition which emphasizes Russia s orthodox and traditional past an increasingly important intellectual current is drawing on Western European neo fascist ideas and adapting them to the Russian situation This book examines this intellectual current within the context of increasing conservatism across Russia as a whole showing how the new ideas have an impact right across the political spectrum and assessing the threat posed by them and their proponents **Russian Fascism** Stephen D. Shenfield, 2001-02-05 Will Russia s fragile and flawed democracy meet the same fate as interwar Germany s Weimar Republic That is the question that prompts this meticulous analysis of fascism its manifestations in Russian political and cultural history and fascist tendencies and movements in contemporary Russia The author devotes chapters to the many Russian political parties movements and organizationst that have been labeled or mislabeled as fascist He critically examines each in terms of program leadership and organizational effectiveness Against the background of the current climate of opinion and events in Russia he concludes with a careful attempt to weigh the pospects for a fascist outcome *Ultra-Nationalism and Hate Crimes in Contemporary Russia* Galina Kozhevnikova, 2012-02-27 This book is a collection of the 2004 2005 and 2006 annual reports as well as some additional statistics on 2007 compiled by Moscow s SOVA Center for Information and Analysis The reports are devoted to such issues as political nationalism hate crimes the use of police administrative political and social tools to counteract xenophobic violence and the Russian authorities abuse of laws designed to counteract extremism i e their cynical exploitation of this legislation for their own political purposes Already in the middle of this decade all of these problems were known to pose a certain threat to Russian society In spite of the considerable public attention they received since then only few effective measures have been taken and thus the situation is getting worse The level of racist violence is increasing further and the spectrum of ultra nationalist groups is consolidating Moreover representatives of the political elite have started to adopt cryptic and sometimes overtly xenophobic rhetoric At the same time the government s current office holders actively utilize anti extremist legislation to unlawfully restrict not only ultra nationalist groups but also the rights and liberties of other non governmental and political organizations **Russian Nationalism and the National Reassertion of**

Russia Marlene Laruelle, 2009-05-07 This book considers a wide range of aspects of Russian nationalism focussing on the Putin period It discusses the development of Russian nationalism including in the Soviet era examines how it relates to ideology culture racism religion and intellectual thinking and its affects on Russian society politics and foreign policy **The Politicization of Russian Orthodoxy** Anastasia V Mitrofanova, 2005-07-26 This book analyzes the ideologies of politicized Orthodox Christianity in today Russia including fundamentalism pan Slavism neo Eurasianism Orthodox communism and nationalism Apart from textual analysis the volume provides a description of the specific subculture of political Orthodoxy i e its language symbols art mass media hangouts and dresscode This study represents the first scholarly examination of these topics Unlike other publications on the politicization of Orthodoxy it is focused not on the political ambitions of the Russian Orthodox Church ROC but on political movements ideologically based on their own interpretations of the Orthodox doctrine often contravening the canonical version The book demonstrates that the political Orthodox or Orthodox patriots are a specific branch of believers who frequently do not practice Orthodoxy properly inventing instead their own quasi Orthodox rituals The volume shows that the ROC is not responsible for such religious politicization and that the community of the political Orthodox is rather guided by religiously oriented lay intellectuals The book provides a brief analysis of this intellectual community Finally the volume demonstrates that even in the absence of significant electoral achievements some religio political Orthodox movements namely fundamentalists and nationalists have been able to gain public support at the grassroots level They have been able to infiltrate larger and more moderate political organizations thus contributing to a general Orthodoxization of Russian political discourse **Problems of Post-communism** , 2005 **Religion and Language in Post-Soviet Russia** Brian P. Bennett, 2011-04-29 Church Slavonic one of the world s historic sacred languages has experienced a revival in post Soviet Russia Blending religious studies and sociolinguistics this is the first book devoted to Church Slavonic in the contemporary period It is not a narrow study in linguistics but uses Slavonic as a passkey into various wider topics including the renewal and factionalism of the Orthodox Church the transformation of the Russian language and the debates about protecting the nation from Western cults and culture It considers both official and popular forms of Orthodox Christianity as well as Russia s esoteric and neo pagan traditions Ranging over such diverse areas as liturgy pedagogy typography mythology and conspiracy theory the book illuminates the complex interrelationship between language and faith in post communist society and shows how Slavonic has performed important symbolic work during a momentous chapter in Russian history It is of great interest to scholars of sociolinguistics and of religion as well as to Russian studies specialists **The Routledge History of Antisemitism** Mark Weitzman, Robert J. Williams, James Wald, 2023-09-04 Antisemitism is a topic on which there is a wide gap between scholarly and popular understanding and as concern over antisemitism has grown so too have the debates over how to understand and combat it This handbook explores its history and manifestations ranging from its origins to the internet Since the Holocaust many in North America and Europe have viewed

antisemitism as a historical issue with little current importance. However, recent events show that antisemitism is not just a matter of historical interest or of concern only to Jews. Antisemitism has become a major issue confronting and challenging our world. This volume starts with explorations of antisemitism in its many different shapes across time and then proceeds to a geographical perspective covering a broad scope of experiences across different countries and regions. The final section discusses the manifestations of antisemitism in its varied cultural and social forms. With an international range of contributions across 40 chapters, this is an essential volume for all readers of Jewish and non-Jewish history alike.

The Post-Soviet Politics of Utopia Mikhail Suslov, Per-Arne Bodin, 2019-09-19. More than 700 utopian novels are published in Russia every year. These utopias, meaning here fantasy fiction, science fiction, space operas, or alternative history, do not set out merely to titillate; instead, they express very real Russian anxieties, be they territorial, right-sizing loss of imperial status, or turning into a colony of the West. Contributors to this innovative collection use these narratives to re-examine post-Soviet Russian political culture and identity. Interrogating the intersections of politics, ideologies, and fantasies, chapters draw together the highbrow literary mainstream authors such as Vladimir Sorokin, mass literature for entertainment, and individuals who bridge the gap between fiction writers and intellectuals or ideologists. Aleksandr Prokhanov, for example, the editor in chief of Russia's far-right newspaper *Zavtra*. In the process, *The Post-Soviet Politics of Utopia* sheds crucial light onto a variety of debates, including the rise of nationalism, right-wing populism, imperial revanchism, the complicated presence of religion in the public sphere, the function of language, and is important reading for anyone interested in the heightened importance of ideas, myths, alternative histories, and conspiracy theories in Russia today.

Russia on the Edge Edith W. Clowes, 2011-04-15. Since the dissolution of the Soviet Union in 1991, Russians have confronted a major crisis of identity. Soviet ideology rested on a belief in historical progress, but the post-Soviet imagination has obsessed over territory. Indeed, geographical metaphors, whether axes of north vs. south or geopolitical images of center, periphery, and border, have become the signs of a different sense of self and the signposts of a new debate about Russian identity. In *Russia on the Edge*, Edith W. Clowes argues that refurbished geographical metaphors and imagined geographies provide a useful perspective for examining post-Soviet debates about what it means to be Russian today. Clowes lays out several sides of the debate. She takes as a backdrop the strong criticism of Soviet Moscow and its self-image as uncontested global hub by major contemporary writers, among them Tatyana Tolstaya and Viktor Pelevin. The most vocal, visible, and colorful rightist ideologue, Aleksandr Dugin, the founder of neo-Eurasianism, has articulated positions contested by such writers and thinkers as Mikhail Ryklin, Liudmila Ulitskaya, and Anna Politkovskaya, whose works call for a new civility in a genuinely pluralistic Russia. Dugin's extreme views and their many responses in fiction, film, philosophy, and documentary journalism form the body of this book. In *Russia on the Edge*, literary and cultural critics will find the keys to a vital post-Soviet writing culture. For intellectual historians, cultural geographers, and political scientists, the book is a guide to the variety of post-Soviet efforts to envision new

forms of social life even as a reconstructed authoritarianism has taken hold The book introduces nonspecialist readers to some of the most creative and provocative of present day Russia s writers and public intellectuals **The Chechens** Amjad M. Jaimoukha,2005 This volume provides a ready introduction and practical guide to the Chechen people including chapters on history religion politics economy culture literature and media **Societies in Transition** Carolina Rehrmann,Rafael Biermann,Phillip Tolliday,2020-01-20 Since the end of the Cold War the collapse of the Soviet Union and the dissolution of Yugoslavia the Mediterranean and Black Sea regions have been faced with multiple upheavals of interethnic violence bloody secessions and ethnic cleansing Up to the present both regions are confronted with unresolved border minority and security issues matters of recognition protracted traumata and claims for justice After the fall of the iron curtain simmering ethnic tensions turned into hot wars that created new states new power political hierarchies and a heritage of violence Reaching back to the early 1990s several international and national transitional justice measures have been applied to face these heritages and lay the foundations for a common future For the former Yugoslavia they range from broad criminal trials to a series of restorative justice mechanisms in the North and South Caucasus they encompass numerous mediation measures and primarily restorative justice efforts The present volume is concerned with strategies of conflict resolution and prevention subsumed under the concept of reconciliation It aims at understanding the socio emotional root causes of political cleavages and daily realities of post conflict societies especially regarding the impact of competing narratives and unprocessed pasts on exclusive identities and strategic political choices Applying reconciliation theory insights from collective memory and transitional justice to a series of selected field studies it sheds light on the origins of interethnic violence aims at finding explanations for the fact that many of the above mentioned conflicts have become intractable and discusses the chances and challenges for transforming interests emotions perspectives roles and identities between and within the respective societies

Putin's Wars Marcel H. Van Herpen,2024-01-03 The third edition of this acclaimed book offers a systematic analysis of Putin s three wars placing the Second Chechen War the war with Georgia of 2008 and the current war with Ukraine in their broader historical context Drawing on extensive original Russian sources Marcel H Van Herpen analyzes in detail how Putin s wars have been prepared and conducted and why they have led to allegations of war crimes and genocide He shows how the conflicts have attempted to consolidate and legitimate Putin s regime and explores how they are connected to a fourth hidden internal war waged by the Kremlin against the opposition The author convincingly argues that the Kremlin relying on the secret services the Orthodox Church the Kremlin youth Nashi and the rehabilitated Cossacks is preparing for an imperial revival most recently in the form of a Eurasian Union An essential book for understanding the dynamics of Putin s regime this study digs deep into the Kremlin s secret long term strategies Readable and clearly argued it makes a compelling case that Putin s regime emulates an established Russian paradigm in which empire building and despotic rule are mutually reinforcing As the first comprehensive exploration of the historical antecedents and political continuity of the Kremlin s

contemporary policies Van Herpen's work will make a valuable contribution to the literature on post Soviet Russia and his arguments will stimulate a fascinating and vigorous debate

Right-Wing Terrorism in the 21st Century Daniel Koehler, 2016-10-04 This book is the first comprehensive academic study of German right wing terrorism since the early 1960s available in the English language It offers a unique in depth analysis of German violent extremist right wing movements terrorist events groups networks and individuals In addition the book discusses the so called National Socialist Underground NSU terror cell which was uncovered in late 2011 by the authorities The NSU had been active for over a decade and had killed at least ten people as well as executing numerous bombings and bank robberies With an examination of the group's support network and the reasons behind the failure of the German authorities this book sheds light on right wing terrorist group structures tactics and target groups in Germany The book also contains a complete list of all the German right wing terrorist groups and incidents since the Second World War Based on the most detailed dataset of right wing terrorism in Germany this book offers highly valuable insights into this specific form of political violence and terrorism which has been widely neglected in international terrorism research

Fortress Russia Ilya Yablokov, 2018-08-27 Allegations of Russian conspiracies meddling in the affairs of Western countries have been a persistent feature of Western politics since the Cold War allegations of Russian interference in the US presidential election are only the most recent in a long series of conspiracy allegations that mark the history of the twentieth century But Russian politics is rife with conspiracies about the West too Everything bad that happens in Russia is traced back by some to an anti Russian plot that is hatched in the West Even the collapse of the Soviet Union this crucial turning point in world politics that left the USA as the only remaining superpower was according to some Russian conspiracy theorists planned and executed by Russia's enemies in the West This book is the first ever study of Russian conspiracy theories in the post Soviet period It examines why these conspiracy theories have emerged and gained currency in Russia and what role intellectuals have played in this process The book shows how in the new millennium the image of the dangerous conspiring West provides national unity and has helped legitimize Russia's rapid turn to authoritarianism under Vladimir Putin

Red Racisms I. Law, 2016-01-14 This book analyzes racism in Communist and post Communist contexts examining the Red promise of an end to racism and the racial logics at work in the Soviet Union Central and Eastern Europe Cuba and China placing these in the context of global racialization

Orthography as Social Action Alexandra Jaffe, Jannis Androutsopoulos, Mark Sebba, Sally Johnson, 2012-07-04 The chapters in this edited volume explore the sociolinguistic implications of orthographic and scriptural practices in a diverse range of communicative contexts ranging from schoolrooms to internet discussion boards The focus is on the way that scriptural practices both index and constitute social hierarchies identities and relationships and in some cases become the focus for public language ideological debates Capitalizing on the now robust body of literature on orthographic choice and debate in sociolinguistics and anthropological linguistics the volume addresses a number of cross cutting themes that

connect orthographic practices to areas of contemporary interest in sociolinguistics and linguistic anthropology These themes include the different social implications of self vs other representation and the permeability of the personal social and the public private how scriptural practices inscription serve as sites for social discipline the historical and intertextual frameworks for the meaning potentials of orthographic choice relating to issues of genre and style and writing as a broader semiotic field the visual and esthetic dimensions of texts and metalinguistic play in spelling and its ambiguous implications for writer stance

Russian Fascism Traditions Tendencies Movements Paperback Book Review: Unveiling the Magic of Language

In a digital era where connections and knowledge reign supreme, the enchanting power of language has been apparent than ever. Its ability to stir emotions, provoke thought, and instigate transformation is truly remarkable. This extraordinary book, aptly titled "**Russian Fascism Traditions Tendencies Movements Paperback**," published by a highly acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound effect on our existence. Throughout this critique, we will delve to the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.
