If you have been using a cell phone long enough, you probably remember the days of flip phones that slipped into your pocket. They were small, practical, and they were used to actually call people. Long as we've come, we seem to be back to square one: the flip phone has officially made a comeback. The Samsung Galaxy Z Flip3 is truly a work of innovation that brings the portability that we loved about older phones with the power that we can't live without.
