church's response to doctrinal adjustments and Ellen G. White's involvement in and conception of doctrinal change. The study concludes that Adventist teachings have been significantly affected by theological and hermeneutical developments under the impact of social forces nudging the church closer towards evangelical Protestantism. Ellen White, co-founder of the church, was personally involved in theological change. Her concept of doctrinal development shows a remarkable depth of insight and presents a well-balanced approach to the dynamics of faith and truth.
