

Service Schematics

NOKIA 6085

Introduction

INTENDED

This document is intended for use by authorized Nokia service centers only.

"Service Schematics" was created with focus on customer care. The purpose of this document is to provide further technical repair information for Nokia mobile phones on paid full service activation. It contains additional information such as, e.g., "Component finder". The "Signal overview" page gives a good and fast overview about the most important signals and voltages on board. Taking precise time and ensuring the repair quality is the aim of this document. It is to be used additionally to the service manual and other training or service information such as Technical Bulletin.

A NEW FEATURE FOR ON-LINE USE

We have now linked these measurement points  which are related to the oscillograms shown on the signal overview page. As example clicking on the measurement point  guides you to the matching oscillogram on the signal overview page. The next click will show the new chosen signal guides you to the related measurement point on the module. Finally, a third click, now onto the measurement point  on the module, takes you back to the starting point inside the schematics.

Do you have further improvement ideas or would like to give us feedback? Please send an e-mail to: csupportusa@nokia.com
