

## Peregrine Academic Leveling Module Reflection Exercise

### Assignment Description

The UNCW MHA Program uses multiple innovative tools to improve learner outcomes, including Academic Leveling resources. Academic Leveling is essential given that many students seeking and obtaining entry into the MHA program are non-business majors, presenting challenges with foundational knowledge generally received within business school curriculum.

Whether you are a learner who is a non-business major entering this program or a past business major needing to refresh your knowledge of business education fundamentals, Peregrine Academic Leveling modules will ensure you have the baseline knowledge necessary for success. In addition, by introducing key concepts to students at the beginning of each course of the program and later reinforcing them during active learning in the context of the business of healthcare, we help ensure that our students efficiently retrieve the concepts when they need them for problem-solving. With these modules, you can ensure you meet prerequisite knowledge requirements and are positioned for success in this program!

After completing this course's Academic Leveling Module(s), please reflect on the experience below.

*In the pre-test I did the best on Leadership Development Succession. In the post-test I was the most knowledgeable in Charismatic & Transformation Leadership, Contingency Leadership, and Leadership styles. I don't know why I did better on Leadership Development Succession on the pre-test except I did so poorly on the other sections. During the modules, I liked the sections discussing Charismatic & Transformation Leadership, Contingency Leadership and Leadership Styles. I also think I did better on these sections because of some of the research articles I read for the Discussion assignment. The modules reminded me of what I had ready.*

3. What subject areas did you find most challenging? What factors do you think impacted your performance in these areas? What is your greatest area(s) for improvement?

*I found the Traits, Motives, and characteristics of a leader challenging. Learning this area is more involved and there was a lot of information I seemed to confuse with another. I improved the most in the*
