to the story is one family's struggle within the infamous late 20th century timeshare industry. Along the way the family encounters a host of outlandish sales people, unabashed associates, greedy and perilous partners, industry lizards, and ruthless racketeers. At the head of the family is a sophisticated self-made millionaire followed by his wife and two sons. Within the family resides sinister force which renders the family vulnerable and triggers intense episodes of financial destruction and despair even as it reels in millions year after year. *InfoWorld*, 1980-06-09. Personal Finance. Bernard J. Winger, Ralph R. Frasca, 2006. The treatment of vertical intra-brand restraints is one of the most controversial issues of contemporary competition law and policy, and there are substantial differences between the world's two leading regimes in this regard. In the US, resale price fixing merits an effects analysis, while in the EU it is prohibited outright. Likewise, territorial protection is treated laxly in the US while in the EU absolute territorial protection, due to the single market imperative, is chased with fire and sword. *Periodic Table*. Cindy Blobaum, 2005. What do chocolate chip cookies, chemistry, and logic have in common? They are the basis for a unit that lets students become actively engaged in discovering the arrangement of the periodic table. This learning activity takes the periodic table out of the static presentation usually associated with textbooks and chemistry courses and interjects an element of discovery. The two activities in this unit provide students with information that they have to arrange in organized charts. In the process of creating the arrangements, students will be involved in problem solving and will gain an appreciation for the scientific process of exploration and verification. This dynamic unit meets national science standards in seven teaching and content areas. Bring the periodic table to life with this hands-on, minds-on unit.
