**Urdu/Hindi: An Artificial Divide** Abdul Jamil Khan, 2006 In a blow against the British Empire Khan suggests that London artificially divided India's Hindu and Muslim populations by splitting their one language in two then burying the evidence in obscure scholarly works outside the public view All language is political and so is the boundary between one language and another The author analyzes the origins of Urdu one of the earliest known languages and propounds the iconoclastic views that Hindi came from pre Aryan Dravidian and Austric Munda not from Aryan's Sanskrit which like the Indo European languages Greek and Latin etc are rooted in the Middle East Mesopotamia not in Europe Hindi's script came from the Aramaic system similar to Greek and in the 1800s the British initiated the divisive game of splitting one language in two Hindi for the Hindus and Urdu for the Muslims These facts he says have been buried and nearly lost in turgid academic works Khan bolsters his hypothesis with copious technical linguistic examples This may spark a revolution in linguistic history Urdu Hindi An Artificial Divide integrates the out of Africa linguistic evolution theory with the fossil linguistics of Middle East and discards the theory that Sanskrit descended from a hypothetical proto IndoEuropean language and by degeneration created dialects Urdu Hindi and others It shows that several tribes from the Middle East created the hybrid by cumulative evolution The oldest groups Austric and Dravidian starting 8000 B C provided the grammar syntax plus about 60% of vocabulary S K T added 10% after 1500 B C and Arabic Persian 20-30% after A D 800 The book reveals Mesopotamia as the linguistic melting pot of Sumerian Babylonian Elamite Hittite Hurrian Mitanni etc with a common script and vocabularies shared mutually and passed on to I E S K T D R Arabic and then to Hindi Urdu in fact the author locates oldest evidence of S K T in Syria The book also exposes the myths of a revealed S K T or Hebrew and the fiction of linguistic races i e Aryan Semitic etc The book supports the one world concept and reveals the potential of Urdu Hindi to unite all genetic elements races and regions of the Indo Pakistan sub continent This is important reading not only for those interested to understand the divisive exploitation of languages in British led India's partition but for those interested in The science and history of origin of Urdu Hindi and other languages The false claims of linguistic races and creation History of Languages and Scripts Language Mythology and Racism Ancient History and Fossil Languages British Rule and India's Partition

**Goodbye to Urdu** Ali Daniel, 2020-10-14 Dreams that come true hurt us most in future People are not afraid to go to hell because they ve already been through a hell here A preacher tries to put fear of graves in their hearts in graphic detail but they mock him Nothing new they are so used to it visceral fear in real

life The story of a boy who grapples with the death of his father He tries to find the answers in the life passed in his village in the soft light of the night and the brutal sunlight of the day It is not only the loss of childhood dreams but also the language spoken in them Slowly and surely he watches a ghetto surreptitiously encroaching upon his family and community There a bird refuses to recognize another bird Exiled there with the same seasons now ruthless and relentlessly painful he confuses the cries of the birds with the cries of the children It s just not the fear for himself but the fear for generations to come What will happen to them People have a different criterion for buying homes there They look for a place where they will not be attacked at night
