Mark has been written about Guy McCubbin's immense influence on California history, and on history beyond California's borders—and rightly so. But the subject of this book, the man who gave and gave back to California, has been Guy McCubbin's story of others. Guy was well prepared to maximize his influence during the inception of new history in California in the 1940s and 1950s. While others have gone and gone and had major influence on the education, Guy has remained dedicated to the study and preservation of these birds well beyond all others. Guy was in the day of the founding members of the California Bird Records Committee, and he has remained a driving force of the Committee and since. Members of the CBRC, past and present, proudly dedicate this book to Guy, and wish him many more successful years.
