Black Cowboys of the Old West Tricia Martineau Wagner, 2010-12-21. The word cowboy conjures up vivid images of rugged men on saddled horses, men lassoing cattle, riding bulls or brandishing guns in a shoot out. White men as Hollywood remembers them. What is woefully missing from these scenes is their counterparts, the black cowboys who made up one fourth of the wranglers and rodeo riders. This book tells their story. When the Civil War ended, black men left the Old South in large numbers to seek a living in the Old West. Industrious men resolved to carve out a life for themselves on the wild, roaming plains. Some had experience working cattle from their time as slaves; others simply sought a freedom they had never known before. The lucky travelled on horseback, the rest by foot. Over dirt roads they went from Alabama and South Carolina to present day Texas and California, up north through Kansas to Montana. The Old West was a land of opportunity for these adventurous wranglers and future rodeo champions. A long overdue testament to the courage and skill of black cowboys, *Black Cowboys of the Old West* finally gives these courageous men their rightful place in history. Praise for an earlier book by the same author. Whether you are a history enthusiast or a lover of adventure stories, *African American Women of the Old West* presents the reader with fascinating accounts of ten extraordinary, generally unrecognized African Americans. Tricia Martineau Wagner takes these remarkable women from the footnotes of history and brings them to life. Ed Diaz, President of the Association for African American Historical Research and Preservation.

The Princeton Bric-a-brac, 1888. *The Boys in the B-17* T/Sgt James Lee Hutchinson EdS, 2011-11-23. The author in flight gear after photo twelfth mission, second Air Medal, age nineteen. He still wears lucky Air Cadet ring. Hutch's third book contains short stories of boys on B-17 Flying Fortress crews in deadly missions with the Eighth Air Force in World War II and stories of his own teenage combat experiences as radio gunner on twenty missions with the Mighty Eighth. Teenagers enlisted or were drafted, trained and went into combat before they could legally vote or buy a drink. They volunteered to fly in the Army's Air Cadet Program and became a part of the greatest air armada in the world. Most of the gunners on a bomber crew were teenagers and the average age of officers was twenty-four. Veterans' memoirs and diaries give amazing reports of fighter attacks, flak damage and those who survived being shot down, out to become Prisoners of War. These youngsters manned the planes that bombed and destroyed Germany's military and war industry. The price of victory was high with an extreme loss of
