Learning MIT App Inventor Derek Walter, Mark Sherman, 2014-11-21 With MIT's App Inventor 2 anyone can build complete working Android apps without writing code. This complete tutorial will help you do just that even if you have absolutely no programming experience. Unlike books focused on the obsolete Google version Learning MIT App Inventor is written from the ground up for MIT's dramatically updated Version 2. The authors guide you step by step through every task and feature showing you how to create apps by dragging, dropping and connecting puzzle pieces not writing code. As you learn you'll also master expert design and development techniques you can build on if you ever do want to write code. Through hands on projects you'll master features ranging from GPS to animation, build high quality user interfaces, make everything work and test it all with App Inventor's emulator. You won't even need an Android device. All examples for this book are available at theapplanet.com/appinventor. Coverage includes: Understanding mobile devices and how mobile apps run on them; Planning your app's behavior and appearance with the Designer; Using the Blocks Editor to tell your app what to do and how to do it; Creating variables and learning how to use them effectively; Using procedures to group and reuse pieces of code in larger, more complicated apps; Storing data in lists and databases; Using App Inventor's gaming, animation and media features; Creating more sophisticated apps by using multiple screens; Integrating sensors to make your app location aware; Debugging apps and fixing problems; Combining creativity and logical thinking to envision more complex apps.

How to Submit and Distribute Apps on the Google Play Store Joseph Correa, 2015-10-05 This book will teach you how to successfully submit an app to the Google Play Store and get it approved using a step by step process from start to finish. Learn how to open a developer account and become a registered Google+ developer. You will learn how to generate a signed release APK file from the Android Studio, create a developer account and publish your app on the Google Play Store. Common mistakes are addressed and solutions to these mistakes are detailed to help you overcome frustrating situations that might be easily fixed and corrected to get you through the app submission process successfully. A step by step process will be explained in each chapter like this: Chapter One: The Google Play Store; Chapter Two: How to Generate a signed release APK file from the Android Studio; Chapter Three: Create a Google Play Developer account; Chapter Four: Publish your app on the Google Play Store; Chapter Five: Common mistakes in Google App distribution and how to avoid it.
