Romeo and Juliet Essay Introduction

Lord Capulet shows himself to be a concerned and caring parent throughout the play. Examine his role with particular reference to act 3 scene 5 and show whether or not you agree. I have been asked to prove whether Lord Capulet is a caring parent or not throughout the play. I believe that he is a caring father for Juliet, he has said and done things throughout the play to prove this to us. I will talk about this later on during the coursework. Meanwhile let us firstly talk about the general period and background which this play took place in. The story of Romeo and Juliet took place in the Elizabethan period. Women's lives were very difficult during those periods, this is because the men had almost full control over them. The only option for a woman to control her life was suicide. They had no voice in society and did not have money earning jobs, whilst divorce was not an open option for them. They were not given access to education. Men had almost full control over them. This proves to us that a woman had no say and whoever her father or brother or male family member told her marry they would have no choice but to marry the chosen man. Women did not have the right to answer back or refuse to get married, and if they did they would have been punished severely for it. Therefore women did not answer back or refuse and did what they were told by their male family members. We can clearly see that these conditions were very harsh for the women at those times, and I am totally against this behaviour and society where women are treated this way. I think it is totally unfair for the women because I believe they should choose whom to marry. At the beginning of the play Paris asks Lord Capulet for Juliet's hand in marriage but Lord Capulet declines, taking into consideration that Lord Capulet wants Paris to marry Juliet at the same time he wants the best for Juliet. These are the first indications of the love that Lord Capulet has for his daughter Juliet. We know this when Lord Capulet quotes "My child is yet a stranger in this world" here he proves to us that she is still young and he cares for her happiness and doesn't want her to get married this early in her life, he gives Paris a certain date "Let two more summers wither in her pride" he believes that in two more summers she will be old and mature enough to be a wife. These quotes show us the characteristics of a caring parent that cares about his child. "But woo her gentle Paris, get her heart." This proves that Capulet cares about Juliet, he wants her to love Paris. The Lord also believes that if Juliet is to marry Paris at this early stage of her life it may spoil her "And too soon married are those so early made." He may know this because of his wife Lady Capulet, who was forced to marry him at a young age. This proves to us that he cares about Juliet; he wants what is most suitable and best for her, which is something you would expect

Catalogue New York Free Circulating Library. Bond Street Branch, 1892 **Seven Essays on the Genealogy of Uncertainty** Stephen Nash, Liza Rybak, 2024-09-30. Uncertainty is critical to economic theory mainly because it either supports or undermines many significant debates within economic theory. Despite the significance of uncertainty, this book represents the first attempt to comprehensively trace the genealogy of uncertainty, which is a procedure that Nietzsche used in relation to morality, one of the subjects that become logically redundant in the absence of uncertainty. On the one hand, this logical redundancy is problematic when considered in isolation given the practical importance of morality. On the other hand, this logical redundancy becomes even more problematic given that at one time uncertainty was widely accepted as an important part of the philosophical system. Here, uncertainty played a pivotal role in terms of explaining practical decision making. Such an appreciation of uncertainty has recently been set aside by modern philosophy, which argues that quantities of human labour provide virtually all economic value. Such an explanation of economic value excludes uncertainty, the many qualitative contributions of nature and morality, even when one acknowledged the contribution to the understanding of uncertainty as proposed by Frank Knight in 1921. However, in contrast to Knight, who looked toward recent philosophy so as to support the existence of uncertainty, this genealogy looks to support the significance of uncertainty by understanding the philosophy that supported the idea of uncertainty for thousands of years before the philosophy of John Locke. Specifically, Locke excludes uncertainty from the analysis of practical decision making in general and from economic decision making in particular. Accordingly, it can be anticipated that the enclosed genealogy will assist economists to more adequately develop the idea of uncertainty within economic theory. *Essays on French Novelists* George Saintsbury, 1891 **The Last Essays of Elia** Charles Lamb, 1904 *Essays in Theatrical Criticism* Mowbray Morris, 1882 **The Works of Charles Lamb, : Miscellaneous prose.
