has remained a reliable source for a wide variety of engaging classroom resources      **Pedagogy in a New Tonality** Peter Gouzouasis, 2012-01-01 This is a book for teachers by teachers from elementary school to university level classrooms It is about the use of creative instructional strategies in K 12 classroom settings and the transformations the teachers made in their journeys from being traditional practitioners to becoming pedagogical in their approaches to teaching and learning across the curriculum Over twenty teachers conducted research in their classrooms on the implementation of creative strategies tactics graphics organizers and visual journals in teaching and learning They have written their inquiries in a narrative style informed by various forms of arts based educational research Their research is approachable and usable by other teachers who are interested in becoming reflective reflexive practitioners Many of the strategies tactics and graphics organizers are described by Barrie Bennett in his widely used textbook *Beyond Monet The Artful Science of Instructional Intelligence* However through their journeys of becoming teacher learner researchers many discovered numerous creative variations of Bennett s work as it was implemented in their classrooms While there are many professional books that provide ideas on collaborative learning and creative teaching approaches there is very little published research on the efficacy of these concepts in the K 12 classroom These inquiries provide practical insights into how inspired teachers can conduct research on improving their own practice as well as on greatly improving their students learning Thus this book has widespread interest for teachers and administrators who seek to implement systemic changes in the ways that teachers teach and children learn in the 21st century      *Organic Writing Assessment* Bob Broad, Linda Adler-Kassner, Barry Alford, Jane Detweiler, Heidi Estrem, Susanmarie Harrington, Maureen McBride, Eric Stalions, Scott Weeden, 2009-09-01 Educators strive to create assessment cultures in which they integrate evaluation into teaching and learning and match assessment methods with best instructional practice But how do teachers and administrators discover and negotiate the values that underlie their evaluations Bob Broad s 2003 volume *What We Really Value* introduced dynamic criteria mapping DCM as a method for eliciting locally informed context sensitive criteria for writing assessments The impact of DCM on assessment practice is beginning to emerge as more and more writing departments and programs adopt adapt or experiment with DCM approaches For the authors of *Organic Writing Assessment* the DCM experience provided not only an authentic assessment of their own programs but a nuanced language through which they can converse in the always vexing potentially divisive realm of assessment theory and practice Of equal interest are the adaptations these writers invented for Broad s original process to make DCM even more responsive to local needs and exigencies *Organic Writing Assessment* represents an important step in the evolution of writing assessment in higher education This volume documents the second generation of an assessment model that is regarded as scrupulously consistent with current theory it shows DCM s flexibility and presents an informed discussion of its limits and its potentials      **More than a Moment** Steven D. Krause, 2020-01-02 As recently as 2012 massive open online courses MOOCs looked poised to revolutionize higher education but in just a few years their flaws and

problems have made them into a less relevant model In More than a Moment Steven D Krause explores MOOCs and their continuing impact on distance learning in higher education putting them in the context of technical innovations that have come before and those that will be part of the educational future Krause writes about his own experiences as a participant in several MOOCs and the experiences of faculty who developed and taught MOOCs Contrary to many early claims from educational entrepreneurs they were never entirely new and MOOCs and their aftermath are still at the heart of the tensions between nonprofit universities and for profit entities particularly online program management firms in delivering distance education While MOOCs are no longer a threat to education in the United States they are part of the ongoing corporatization of education and remain part of conversations about experienced based credit corporate training and open education Presenting historical student teacher and administrative perspectives More than a Moment is a well rounded treatment that will be of interest to academics and entrepreneurs interested in distance education online pedagogy online program management and public private partnerships in higher education      Writing Engagement, Grade 5 Janet P.
