**The Wisdom of the Mystic East** John Walbridge, 2001-08-03 Twelfth century Islamic philosopher Suhraward attempted to revive Platonism in an era of Avicennan Aristotelianism Modern scholars have portrayed Suhraward as wishing to revive

an oriental wisdom and associate him with ancient Persia In this book John Walbridge uses Suhraward as a vehicle to explore the tendency of Platonic philosophers to romanticize oriental wisdom The work presents Suhraward and defines the problem of Platonic orientalism both in general and in relation to Suhraward Egypt and the Hermetic tradition ancient Persia and the notion of metaphysical light and India Buddhism and the transmigration of souls are all covered in terms of their influence or lack of influence in Suhraward s thought The book also explores the role of Platonic and Suhrawardian orientalism in various cultures over the years      Bibliography of English-language Works on the Bábí and Bahá'í Faiths William P. history of public school teachers across the Arab world and how they wielded an unlikely influence over the modern Middle East Today it is hard to imagine a time and place when public school teachers were considered among the elite strata of society But in the lands controlled by the Ottomans and then by the British in the early and mid twentieth century teachers were key players in government and leading formulators of ideologies Drawing on archival research and oral histories Teachers as State Builders brings to light educators outsized role in shaping the politics of the modern Middle East Hilary Falb Kalisman tells the story of the few young Arab men and fewer young Arab women who were lucky enough to teach public school in the territories that became Iraq Jordan and Palestine Israel Crossing Ottoman provincial and later Mandate and national borders for work and study these educators were advantageously positioned to assume mid and even high level administrative positions in multiple government bureaucracies All told over one third of the prime ministers who served in Iraq from the 1950s through the 1960s and in Jordan from the 1940s through the early 1970s were former public school teachers a trend that changed only when independence occupation and mass education degraded the status of teaching The first history of education across Britain s Middle Eastern Mandates this transnational study reframes our understanding of the profession of teaching the connections between public education and nationalism and the fluid politics of the interwar Middle East      **Directory of Iranian Officials** ,1991      *Persian-Farsi Ruhi Book 7* Ruhi Foundation, Colombia,2004-01-01
