The Last September Nina de Gramont, 2025-05-01 The Last September is a wonderful glowing book populated by characters that become a part of your life long after the last page has been turned It is the type of novel writers admire and readers long for Jason Mott author of The Returned Brett has been in love with her husband Charlie from the day she laid eyes on him in college When he is found murdered Brett is devastated But if she is honest with herself their marriage had been hanging by a thread for quite some time All clues point to Charlie's mentally ill brother Eli but any number of people might have been driven to kill Charlie a handsome charismatic man who unwittingly damaged almost every life he touched Brett is determined to understand how such a tragedy could have happened and whether she was somehow complicit Set in the desolate autumn beauty of Cape Cod this riveting emotional puzzle explores the psyche of a woman facing down the meaning of love and loyalty Brilliant rendering of love story and murder mystery I was hooked by the first paragraph which somehow contains all the beautiful luminous grief of the whole story and I truly did not want to let it go in the end Brad Watson author of Aliens in the Prime of Their Lives A moody murder mystery Boasts lovely understated writing sharply drawn settings and once again characters who are irresistibly attractive flawed and dangerous A fine literary whodunit from an accomplished storyteller Kirkus Reviews

The Miracle Girl Andrew Roe, 2016-03-01 Perhaps the first miracle was that she lived The crowds keep coming They arrive all with their reasons all with their doubts and certainties and everything in between More and more every day drawn by rumor and whisper and desperate wish They come to Shaker Street to see eight year old Anabelle Vincent who lies in a coma like state unable to move or speak They come because a visitor experienced what seemed like a miracle and believed it happened because of Anabelle Word spreads There are more visitors more supposed miracles more stories on TV and the Internet But is this the divine at work or something else

Lore of Running Timothy Noakes, 2003 Dr Noakes explores the physiology of running all aspects of training and recognizing avoiding

and treating injuries 133 illustrations **British Science Fiction Film and Television** Tobias Hochscherf, James Leggott, Donald E. Palumbo, 2014-01-10 Written by international experts from a range of disciplines these essays examine the uniquely British contribution to science fiction film and television Viewing British SF as a cultural phenomenon that challenges straightforward definitions of genre nationhood authorship and media the editors provide a conceptual introduction placing the essays within their critical context Essay topics include Hammer science fiction films the various incarnations of Doctor Who Stanley Kubrick's *A Clockwork Orange* and such 21st century productions as *28 Days Later* and *Torchwood* *Running Times*, 2007-12 *Running Times* magazine explores training from the perspective of top athletes coaches and scientists rates and profiles elite runners and provides stories and commentary reflecting the dedicated runner's worldview *Honor Among Enemies: An Honor Harrington Novel* Weber, 1996-06 Brisk science fiction adventure with appealing characters and nonstop action Honor Harrington returns to active service as commander of a battleship on a mission to trap unsuspecting space pirates *The Novel: An Alternative History* Steven Moore, 2013-09-17 Encyclopedic in scope and heroically audacious *The Novel: An Alternative History* is the first attempt in over a century to tell the complete story of our most popular literary form Contrary to conventional wisdom the novel did not originate in 18th century England nor even with Don Quixote but is coeval with civilization itself After a pugnacious introduction in which Moore defends innovative demanding novelists against their conservative critics the book relaxes into a world tour of the pre modern novel beginning in ancient Egypt and ending in 16th century China with many exotic ports of call Greek romances Roman satires medieval Sanskrit novels narrated by parrots Byzantine erotic thrillers 5000 page Arabian adventure novels Icelandic sagas delicate Persian novels in verse Japanese war stories even Mayan graphic novels Throughout Moore celebrates the innovators in fiction tracing a continuum between these pre modern experimentalists and their postmodern progeny Irreverent iconoclastic informative entertaining *The Novel: An Alternative History* is a landmark in literary criticism that will encourage readers to rethink the novel **Embodiment and the Cosmic Perspective in Twentieth-Century Fiction** Marco Caracciolo, 2020-05-13 In dialogue with groundbreaking technologies and scientific models twentieth century fiction presents readers with a vast mosaic of perspectives on the cosmos The literary imagination of the world beyond the human scale however faces a fundamental difficulty if as researchers in both cognitive science and narrative theory argue fiction is a practice geared toward the human embodied mind how can it cope with scientific theories and concepts the Big Bang quantum physics evolutionary biology and so on that resist our common sense intuitions and appear discontinuous in spatial as well as temporal terms with our bodies This book sets out to answer this question by showing how the embodiment of mind continues to matter even as writers and readers are pushed out of their terrestrial comfort zone Offering thoughtful commentary on work by both mainstream literary authors and science fiction writers from Primo Levi to Jeanette Winterson from Olaf Stapledon to Pamela Zoline *Embodiment and the Cosmic Perspective in Twentieth Century Fiction* explores the

multiple ways in which narrative can radically defamiliarize our bodily experience and bridge the gap with cosmic realities This investigation affords an opportunity to reflect on the role of literature as it engages with science and charts its epistemological and ethical ramifications Wild Kids Ta-chun Chang, 2000-08-31 These two searingly funny and unsettling portraits of teenagers beyond the control and largely beneath the notice of adults in 1980s Taiwan are the first English translations of works by Taiwan's most famous and best selling literary cult figure Chang Ta-chun's intricate narrative and keen ironic sense of humor poignantly and piercingly convey the disillusionment and cynicism of modern Taiwanese youth Interweaving the events between the birth of the narrator's younger sister and her abortion at the age of nineteen the first novel *My Kid Sister* evokes the complex emotional impressions of youth and the often bizarre social dilemmas of adolescence Combining discussions of fate existentialism sexual awakening and everyday absurdities in a typically dysfunctional household it documents the loss of innocence and the deconstruction of a family In *Wild Child* fourteen year old Hou Shichun drops out of school runs away from home and descends into the Taiwanese underworld where he encounters an oddball assortment of similarly lost adolescents in desperate circumstances This novel will inevitably invite comparisons with the classic *The Catcher in the Rye* but unlike Holden Caulfield Hou isn't given any second chances With characteristic frankness and irony Chang's teenagers bear witness to a new form of cultural and spiritual bankruptcy
