Essentials of Corporate Finance Stephen A. Ross, Randolph W. Westerfield, Bradford D. Jordan, 2023 We designed Essentials of Corporate Finance to be as flexible and modular as possible There are a total of nine parts and in broad terms the instructor is free to decide the particular sequence Further within each part the first chapter generally contains an overview and survey Thus when time is limited subsequent chapters can be omitted Finally the sections placed early in each chapter are generally the most

important and later sections frequently can be omitted without loss of continuity For these reasons the instructor has great control over the topics covered the sequence in which they are covered and the depth of coverage

Principles of Corporate Finance Richard A. Brealey, Stewart C. Myers, 1996 A comprehensive coverage of financial theory with analysis and applications Students are taught to solve problems and learn how and why companies and management act in the way they do Controversial issues are covered and this fifth edition has been updated and basic materials streamlined There is increased coverage of the procedures for estimating the cost of capital the discounted cash flow model capital asset pricing model and arbitrage pricing model Estimates are included from a variety of industries such as oil pharmaceutical and gas and electric and there is expanded coverage of risk management and techniques and the use and misuse of derivatives End of chapter quizzes and problems have been updated and increased to test students knowledge and supplement packages have been expanded
