

General Format for Journal Article Summary

Author, A., Author, B.B., & Author, C.C. (Year). Title of the journal article with only the letter of the first word capitalized. *Journal of Research is in Italics Followed by the Volume Number (also in Italics) and then Page Numbers, ##, pp-pp.* If the article from an internet-only journal, include the following immediately after the page (underlined for emphasis here only).
internet article is based on a printed journal that you only viewed electronically, include [Electronic version] just after the article title but before the period.

Introduction - Give a brief introduction (1-3 sentences) to give the necessary background study and state its purpose (in your own words). Why was the study conducted? What about? Procedures - In your own words, describe the specifics of what this study involved. Who were the subjects? How were they grouped? What did they have the subjects do? what conditions? For how long? What was measured? What was being compared?

Findings – In your own words discuss the major findings and results. How useful or significant is this (what did the author(s) say about it?) Conclusions - In your own words, summarize researchers' conclusions. What was the major outcome of the study?

Personal comments – Give your reaction to the study? Such as: What did you learn from study? How might you apply the results in a future teaching/coaching/clinical application? Explain how this study might relate to the lab, lab topic, and/or your project.
