The Community College Library Janet Pinkley, Kaela Casey, 2022-04-13 Community colleges are a cornerstone of higher education and serve the unique needs of the communities in which they reside. In 2019, community colleges accounted for 41 percent of all undergraduate students in the United States. Community college librarians are engaged in meaningful work designing and delivering library programs and services that meet the needs of their diverse populations and support student learning. The Community College Library series is meant to lift the voices of community college librarians and highlight their creativity, tenacity, and commitment to students. The Community College Library Reference and Instruction collects research programs and new approaches to reference and instruction implemented by community college librarians around the U.S. Chapters include sample activities and materials and cover topics including using race-centered and trauma-informed practices in the reference interview, incorporating online workshops into an existing information literacy program, and using student-driven pedagogy to navigate the early stages of research. This book demonstrates the innovative and replicable ways community college librarians are meeting the information and research needs of their college population both in person and remotely, all while providing a safe, inclusive space for students to explore and learn. How to Get a UK Visitor's Visa Owen Jones, 2019-10-17 Greetings and welcome to this guide book on how to get a UK visa for a Thai. My name is Owen Jones and my girlfriend's name is Neema, a Thai, and we struggled for months to get a visa for Neema to visit Great Britain. The purpose of this book is to make that job easier for you and hopefully save you at least 400-500 in the process too. Make no mistake about it: there is no shortage of solicitors and advisors, even complete agencies who are willing to give you the benefit of their experience. Some promise a visa or no fee; others offer a 50% up-front, non-refundable deposit option with the balance payable on successful completion; and others expect you to pay the whole fee regardless. This fee in Thailand is typically 30,000 Thai Baht, 600 or 1,000. *Family in War* Paul B. Weisz, 2001 *Family in War* is a personal narrative of author Paul Weisz's family from 1938-1942. Through this amazing story of courage, tragedy, hope, luck, and survival, readers will gain a greater understanding of Jewish families during the Holocaust. City of Strangers Andrew M. Gardner, 2011-05-02 In *City of Strangers*, Andrew M. Gardner explores the everyday experiences of workers from India who have migrated to the Kingdom of Bahrain. Like all the petroleum-rich states of the Persian Gulf, Bahrain hosts an extraordinarily large population of transmigrant laborers. Guest workers who make up nearly half of the country's population have long labored under a sponsorship system, the *kafala*, that organizes the flow of migrants from South Asia to the Gulf states and contractually links each laborer to a specific citizen or institution. In order to remain in Bahrain, the worker is almost entirely dependent on his sponsor's goodwill. The nature of this relationship, Gardner contends, often leads to exploitation and sometimes violence. Through extensive observation and interviews, Gardner focuses on three groups in Bahrain: the unskilled Indian laborers who make up the most substantial portion of the foreign workforce on the island; the country's entrepreneurial and professional

Indian middle class and Bahraini state and citizenry He contends that the social segregation and structural violence produced by Bahrain's kafala system result from a strategic arrangement by which the state insulates citizens from the global and neoliberal flows that paradoxically are central to the nation's intended path to the future City of Strangers contributes significantly to our understanding of politics and society among the states of the Arabian Peninsula and of the migrant labor phenomenon that is an increasingly important aspect of globalization

*The Adoption Plan* Jack Neubauer, 2025-03-18 During the tumultuous years of World War II and the Cold War new global humanitarian ideas and practices coalesced around the cause of saving the children in China How did China's children become archetypal victims who ignited a new global humanitarian imagination And who would prevail in the transnational contest to control the vast quantities of aid flowing into China on their behalf *The Adoption Plan* offers a new history of the rise of global humanitarianism that places the recipients administrators and critics of humanitarian aid in China at the center of the story Analyzing how the adoption plan for international child sponsorship became one of the most popular fundraising strategies for humanitarian work in China and across the world Jack Neubauer explores how the globalization of humanitarian aid was linked to new practices of global intimacy that enabled donors to build personal relationships with Chinese children across geographic and cultural divides Drawing on hundreds of letters written by Chinese children to foreign sponsors and extensive research in Chinese archives Neubauer shows how China's Nationalist and Communist parties mobilized the emotional bonds between children and sponsors to secure international support for their competing political projects By the 1950s child sponsorship and international adoption had become the most hotly contested humanitarian programs in Cold War East Asia Upending the conventional view of humanitarianism as a tool of Western influence *The Adoption Plan* demonstrates that it was often the Chinese recipients of aid who were best able to control its material and ideological uses
