### Differentiated Instruction Lesson Plan

Learning Goals or Standards to be addressed:

CA Standard 6<sup>th</sup> Grade Mathematics

Number Sense 2.0 Students Calculate & Solve Problems Involving Multiplication & Division of Fractions (just a small part of this large standard)

**K** Students will know: the steps to divide and multiply fractions/mixed numbers

**U** Students will understand: when and why they would multiply or divide in a particular situation (makes learning meaningful to students)

**D** Students will be able to: solve problems by multiplying and dividing fractions/mixed numbers. In addition, students will be able to explain the difference between dividing and multiplying fractions (skills, actions, performance)

Think about the students for whom you are planning this lesson. What kind of differentiation best meets their needs? Readiness? Interest? Learning Profile? \_\_\_\_\_

**Better Learning Through Structured Teaching: A Framework for the Gradual Release of Responsibility** Doug Fisher,Nancy Frey,2010-09-10 Better Learning Through Structured Teaching describes how teachers can help students develop stronger learning skills by ensuring that instruction moves from modeling and guided practice situations where the teacher has most of the responsibility to collaborative learning and finally to independent tasks You ll find out how to use the four components of this approach to help meet critical challenges including differentiating instruction and making effective use of class time 1 Focus Lessons Establishing the lesson s purpose and then modeling your own thinking for students 2 Guided Instruction Working with small groups of students who have similar results on performance assessments 3 Collaborative Learning Enabling students to discuss and negotiate with one another to create independent work not simply one project 4 Independent Tasks Requiring students to use their previous knowledge to create new and authentic products

The authors explore each component using student dialogues and examples from a variety of disciplines and grade levels. They provide tips and tools for successfully implementing this instructional approach in your own classroom including checklists for classroom setup and routines, critical questions, real world lesson plans, and more. No matter what grade level you teach, *Better Learning Through Structured Teaching* is your essential guide to helping students develop and expand their capacity for authentic and long-lasting learning. Common Core Curriculum Maps in English Language Arts, Grades K-5 Great Minds, 2011-10-19. The first books to present specific guidance for teaching the Common Core State Standards, forty-three states plus the District of Columbia and the U.S. Virgin Islands have signed on to adopt the Common Core State Standards (CCSS). The need for curriculum guides to assist teachers in helping students meet these standards has become imperative. Created by teachers for teachers, the research-based curriculum maps in this book present a comprehensive, coherent sequence of thematic units for teaching the skills outlined in the CCSS for English language arts in Grades K-5. The maps address every standard in the CCSS yet are flexible and adaptable to accommodate diverse teaching styles. Each grade is broken down into six units that include focus standards, suggested works, sample activities and assessments, lesson plans, and more. Teachers can use the maps to plan their year and craft their own more detailed lesson plans. Any teacher, school, or district that chooses to follow the Common Core maps can be confident that they are adhering to the standards.

Differentiation Rick Wormeli, 2023-10-10. *Differentiation: From Planning to Practice* author Rick Wormeli provides an overview of the cognitive science behind differentiation. As a teacher, you know a one-size-fits-all education doesn't work; students are more diverse than ever. In his book, Wormeli gives a step-by-step process to create a fully crafted differentiation lesson and shows the necessary planning for an effective lesson design for diverse classrooms. Wormeli demonstrates how to weave common and novel differentiation strategies into all subjects and offers clear advice about what to do when things don't go as expected. Based on nearly thirty years of experience as a teacher and instructional coach, his thoughtful and imaginative classroom accommodations will help teachers succeed with advanced students, struggling students, English language learners, and students across the multiple intelligences spectrum. *Differentiation* provides a practice guide to create lessons that will prepare students for real-life success and build their critical thinking skills in the process. Teaching and Learning Marjorie S. Schiering, Drew Bogner, Jorun Buli-Holmberg, 2011-06-16. Learners are multi-faceted, unique people. Discovering the whole individual is incumbent upon realizing the teaching/learning environments, common social and societal realities, and belief and value systems, respective of academic and socio-societal factors that establish who one is as a learner and teacher. In *Learning and Teaching*, the authors offer practical strategies for interactive instruction to facilitate optimum learning. This book addresses the theoretical framework that includes the relationship between thoughts and feelings, the effect of past experiences on present and future behaviors, universal connectivity, and a strong understanding of who one is as a teacher and learner. **Becoming a Metacognitive Teacher** Roya Q.
