To the Letter Simon Garfield, 2013-11-14 The New York Times bestselling author of *Just My Type* and *On the Map* offers an ode to letter writing and its possible salvation in the digital age Few things are as exciting and potentially life changing as discovering an old letter And while etiquette books still extol the practice letter writing seems to be disappearing amid a flurry of e mails texting and tweeting The recent decline in letter writing marks a cultural shift so vast that in the future historians may divide time not between BC and AD but between the eras when people wrote letters and when they did not So New York Times bestselling author Simon Garfield asks Can anything be done to revive a practice that has dictated and tracked the progress of civilization for more than five hundred years In *To the Letter* Garfield traces the fascinating history of letter writing from the love letter and the business letter to the chain letter and the letter of recommendation He provides a tender critique of early letter writing manuals and analyzes celebrated correspondence from Erasmus to Princess Diana He also considers the role that letters have played as a literary device from Shakespeare to the epistolary novel all the rage in the eighteenth century and alive and well today with bestsellers like *The Guernsey Literary and Potato Peel Pie Society* At a time when the decline of letter writing appears to be irreversible Garfield is the perfect candidate to inspire bibliophiles to put pen to paper and create a form of expression emotion and tactile delight we may clasp to our heart *Powerful Writing*

The Letter to the Galatians David A. deSilva, 2018-09-18 New volume in a favorite Bible commentary series Writing a commentary on Galatians is a daunting task Despite its relative brevity this Pauline letter raises a number of foundational theological issues and it has played a vital role in shaping Christian thought and practice over the centuries In this replacement of Ronald Y. K. Fung's 1988 New International Commentary volume David deSilva ably rises to the challenge providing a coherent account of Galatians as a piece of strategically crafted communication that addresses both the immediate pastoral challenges facing Paul's converts in Galatia and the underlying questions that gave rise to them Paying careful attention to the history philology and theology of the letter and interacting with a wealth of secondary literature on both Galatians and the rest of the Pauline corpus deSilva's exegetically sound commentary will serve as an essential resource for pastors and theological students

Blackburn, 2024-09-25 Support and scaffolding are critical for moving students to higher levels of learning But how do we ensure we're giving the right work and not just extra work Barbara R Blackburn has the answers in this important new book She provides a plethora of strategies for helping students create meaning and become more independent so they can truly learn at rigorous levels First she examines the basics of rigor and scaffolding and uncovers the role of planning in scaffolding including the difference between acceleration and remediation and examples of differentiating instruction with scaffolding Then she demonstrates a variety of ways to add scaffolding into classroom discourse vocabulary comprehension and writing across the curriculum Ideas and strategies are provided for different subject areas and levels so you can easily apply them to your own setting And finally she shows the roles of formative assessment and social emotional learning in scaffolding With this practical book you'll have a toolkit of great ideas at your disposal as you foster a learning environment of high expectations and success Selected works of J. L. Vives. 3. De conscribendis epistolis Juan Luis Vives, 1989 J.L. Vives: De conscribendis Epistolis Juan Luis Vives, 2023-03-20 The study of Vives is mainly still dependent upon the well known *Opera Omnia* Valencia 1782-1790 8 volumes provided by Majansius Though this edition has manifest merits it cannot stand the test of present day criticism It does not offer a critical apparatus thus being useless for the study of the evolution of Vives' thought on the basis of the revisions he made in his publications Nor does it contain a systematically worked out apparatus *fontium* which makes it possible to assess Vives' knowledge of the ancient literature crucial for an accurate understanding of his humanist education and evolution Finally the legibility of Majansius' edition is impaired by the often misleading division into paragraphs rather idiosyncratic orthography and punctuation The aim of this series is primarily to provide critical

editions Consequently the text is accompanied by a critical apparatus and an apparatus fontium supplemented with 3 indices an index nominum an index locorum and an index verborum memorabilium in which language use at variance with the Thesaurus Linguae Latinae will be indicated In addition an English translation with a restricted set of notes is provided The main consideration however remains the critical edition The notes to the translation do not replace the information compiled in the apparatus fontium So in using the present publication one should not restrict oneself to the right hand page a fact which the editors wish to emphasize

Luke's Rhetorical Compositions Paul Elbert, 2022-07-19 Luke's Rhetorical Compositions offers new ideas in Lukan scholarship especially in regard to Aelius Theon's first century rhetoric manual Progymnasmata and inter textual Lukan Pauline biblical studies Two chapters deserve special mention the material in chapter 3 is a groundbreaking discussion of Acts 2:38 in which its Greek verb tense speaks to the subsequent reception of the gift of the Holy Spirit following salvation not coincident with salvation In Acts 2:38 it is Luke's intention to portray Peter as promising the gift of the Holy Spirit to hearers and to those beyond narrative time as a Pentecostal experience Chapter 9 discusses Luke's use of progymnasmatic examples in his descriptions of the salvation experience It also discusses Luke's clarification of Paul using narrative persuasion from Jesus tradition and history Also Luke's use of basic soteriological vocabulary provides clarity and plausibility His distinctive selection of examples from the Jesus tradition and his duplication of Paul's soteriological vocabulary is very helpful
