Larry Litwin, 2009 The Public Relations Practitioner's Playbook is how to and hands on. Theory is woven into thousands of proven techniques, tips, tactics, tools and strategies spread over nearly 600 pages. Explanations, examples and anecdotes are in a language that should appeal to experienced practitioners, college students and organization volunteers who assist with public relations and publicity. The PR Practitioner's Playbook, an anatomy of the public relations profession, relies on my experience as a reporter, editor, public relations counselor and strategic advisor and evaluator. It demonstrates that successful writers practice their craft with poise and eloquence. It is an extension of the author's classroom which many students call Litwin's laboratory for practical knowledge. As former KYW Newsradio colleague Kim Glovas observed, Larry's voice is the voice of this book. Among those considered mentors and contributors to this book are Nick George, former managing editor at ABC Radio News, ABC sportscaster Howard Cosell, KYW Newsradio anchor Bill Bransome, print journalist extraordinaire Everett S. Landers and legendary broadcast journalist Edward R. Murrow. They spent countless hours helping the author hone his skills and encouraging me to be an open, honest, thorough and valid, relevant communicator. They stressed tangible tools and such attributes as knowledge, loyalty, judgment, trust, credibility, ethics and integrity. The Public Relations Practitioner's Playbook serves as a basic or supplemental text in introduction to public relations and graduate overview courses. It offers a refreshing down to earth approach to which many students are just not accustomed. Strategic advisors refer to it as a potpourri of proven public relations techniques. The companion CD Rom contains among its many tactics, three PowerPoints that summarize the 17 chapters. Passing the PRINCE2 Examinations Ken Bradley, Stationery Office, 2005-08-12 PRINCE2 Projects in Controlled Environments is a structured method for effective project management. This publication is a guide for those intending to take the UKAS APM Group PRINCE2 Foundation and Practitioner examinations and also provides advice for those taking the APM Group Practitioner Re Registration examination. It contains examples of multiple choice questions and specimen answers to questions about typical project management situations and supersedes the 2004 ed ISBN 0113309643.
