Safety warnings

Keep your phone away from small children and pets

Keep your phone and all accessories out of the reach of small children or animals. Small parts may cause choking or serious injury if swallowed.

Protect your hearing

Listening to a headset at high volumes can damage your hearing. Use only the maximum volume setting necessary to hear your conversation or music.

Install mobile phones and equipment with caution

Ensure that any mobile phone or related equipment installed in your vehicle or security location. Avoid placing your phone and accessories near to or in an air bag deployment area. Improperly installed equipment can cause serious injury when an air bag inflates rapidly.

Handle and dispose of batteries and chargers with care

- Use only Samsung approved batteries and chargers specifically designed for your phone. Incompatible batteries and chargers can cause serious injuries or damage to your phone.
- Never dispose of batteries or phone in a fire. Follow all local regulations when disposing used batteries or phone.
- Never place batteries or phones in or in heating devices, such as microwave ovens, stoves, or radiators. Batteries may explode under such conditions.
- Never crush or puncture the battery. Fluids exposing the battery to high electrical potentials, which can lead to an internal short circuit and overheating.

Avoid interference with pacemakers

Maintain a minimum of 15 cm (6 inches) between mobile phones and pacemakers to avoid potential interference as recommended by manufacturers and the independent research group, Wireless Technology Research.

If you have any reason to suspect that your phone is interfering with a pacemaker or other medical device, turn off the phone immediately and contact the manufacturer of the pacemaker or medical device for guidance.

Turn off the phone in potentially explosive environments

Do not use your phone in potentially explosive environments or near fuels or chemicals. Turn off your phone whenever directed by warning signs or instructions. Your phone could cause explosions or fire in and around fuel or chemical storage and transfer areas in loading areas. Do not store or carry flammable liquids, gases, or explosive materials in the same compartment as the phone, its parts, or accessories.

Reduce the risk of repetitive motion injuries

When spending long durations in playing games on your phone, hold the phone with a relaxed grip. Avoid the battery light. Use special features that reduce the number of button-pushes that you press such as templates and predictive text, and take frequent breaks.

Do not use your device during a thunderstorm

Your device may malfunction and your risk of electrocution is increased.

Safety precautions

Drive safely at all times

Avoid using your phone while driving and while at intersections that require the use of mobile phones while driving. Use hands-free accessories to maximize your safety when possible.

Follow all safety warnings and regulations

Comply with any regulations that restrict the use of a mobile phone in a certain area.

Use only Samsung-approved accessories

Using incompatible accessories may damage your phone or cause injury in case of explosion. Many accessories are not available. Use these accessories only.

Turn off the phone near medical equipment

Your phone can interfere with medical equipment in hospitals or health-care facilities. Follow all regulations, posted warnings, and directions from medical personnel.

Turn off the phone or disable the wireless functions when in an aircraft

Your phone can cause interference with aircraft equipment. Follow all airline regulations and turn off your phone or switch to a mode that disables the wireless functions when boarding any aircraft.

Protect batteries and chargers from damage

- Avoid exposing batteries to very hot or very low temperatures below 0°C (32°F) or above 40°C (104°F). Extreme temperatures can reduce the charging capacity and life of your batteries.
- Store the battery back in a dry place.
- Prevent batteries from contacting metal objects, as this can create a connection between the + and - terminals of your batteries and lead to temporary or permanent battery damage.
- Avoid use in damaged charger or battery.

Handle your phone carefully and securely

- Do not allow your phone to get wet—liquids can cause serious damage. Do not handle your phone with wet hands. Water damage to your phone can void your manufacturer's warranty.
- Avoid using or storing your phone in dusty and oily areas to prevent damage to moving parts.
- Your phone is a complex electronic device—protect it from impacts and rough handling to avoid serious damage.
- Do not punt your phone, as punt can clog moving parts and prevent proper operation.
- Avoid using the phone's camera lens or light cover in the eyes of children or animals.
- Your phone and memory cards may be damaged by exposure to magnetic fields. Do not use wireless (cord or accessory with magnetic) devices or place your phone in contact with magnets, heads for extended periods of time.

Avoid interference with other electronic devices

Your phone emits radio frequency (RF) signals that may interfere with unshielded or improperly shielded electronic equipment, such as pacemakers, hearing aids, medical devices, and other electronic devices in homes or vehicles. Consult the manufacturers of these electronic devices to detect any interference problems you experience.
