

Overview

Included in this document are general and project specific plan outlines to aid CNYCC and its partner organizations to develop plans for the long term success of the DSRIP program. These templates are not meant to be a prescribed set of tasks each partner needs to follow in order to reach DSRIP goals. Instead, they are meant to be a set of steps CNYCC will use to track and maintain our long term goals at the partner level. The methods partners use to reach these goals will often be unique to the organization, developed based on project activities such as DSRIP learning collaborative ,PICs, RPACs and Workgroups, or mandated by the state. In order to best report on progress, aid in best practice, and provide as much support as possible, we put together these general outlines and timelines to draw correlation between partners and drive each partner to a single cohesive end in preparation for value based payment environment.
