Burma Myanmar is a Southeast Asian country that is emerging from crisis after more than a half century of hard line military rule and cultural diplomatic and economic isolation. With the dissolution of its military regime the State Peace and Development Council in 2011 a formally civilian but military dominated constitutional government was inaugurated. By 2012 Burma's president retired General Thein Sein had established a working relationship with Daw Aung San Suu Kyi the leader of the country's pro democracy movement since 1988 and after a 2012 by election she and members of her opposition party the National League for Democracy NLD entered the new Union Parliament as legislators. However even with the election victory of Daw Suu Kyi and the NLD in the General Election of November 2015 Burma faces daunting challenges it is still one of the poorest countries in Southeast Asia fissured by longstanding ethnic conflicts that have made a nationwide peace agreement elusive and its people's security and the environment are threatened by foreign economic exploitation. Religious discord is also widely evident as Buddhist militants instigate violence against the country's religious minorities especially Muslims. Today Burma's prospects are the most hopeful they have been for over half a century as the country takes steps along the road to a more open society and economy. This edition of the *Historical Dictionary of Burma Myanmar* encompasses not only current developments but also Burma's over 1 500 years old recorded history and the most important features of its cultures ethnicity religions society and economy. This is done through a chronology an introduction and an extensive bibliography. The dictionary section has over 700 cross referenced entries on important personalities politics economy foreign relations religion and culture.
