Writing Talk Alex Hamilton, 2012 In his long career in literary journalism Alex Hamilton has probably met and talked in depth to more of our great writers than anyone else from the most critically acclaimed to the most hard nosed bestsellers from novelists to cartoonists and in every genre from Thrillers and Whodunnits to Short Stories from Poetry to Science Fiction This selection from a life's work gives us a stimulating and rare insight into the minds and lives of some of the most fascinating creators of our modern culture It's a book that contains many surprises in the revelations given by some of the authors about their struggles and victories the serious or humorous commitments made by them and their addiction to the kind of fiction they like to write The reader will soon realise that no two of these eighty five featured authors such as Kurt Vonnegut Angela Carter Stephen King Daphne du Maurier Ian McEwan Jorge Luis Borges Graham Greene or Margaret Atwood are alike Splendidly informative and serious Writing Talk is also often very funny a book to dip into as the mood takes or to dive into hungrily It will appeal to those with a passion for books and for the people who have written them I've been fortunate to talk to so many marvellous writers

Gathering some of these conversations into a book rather than their brief life in a daily newspaper offers a chance for readers to share my pleasure and to introduce a new generation to some past greats says Alex Hamilton behind his reason to create Writing Talk

In the Beginning Mary Jean DeMarr, 1995 Others concentrate more on analysis of the subject novel itself indicating more briefly how that book relates to those which follow it Some discuss such

questions as what exactly is the first novel in some rather complex series and in several cases more than one initiating book is discussed No attempt has been made to include consideration of a representative sample of the various types of detective series but a variety of authors is covered ranging from such classics as Agatha Christie Rex Stout and Dorothy L Sayers to more recent authors like James McClure Joseph Hansen and Colin Dexter Comic Crime Earl F. Bargainnier, 1987 The actual world of crime is not a subject for laughter but rather for anger or tears The world of fiction however is a different matter Most crime fiction is much nearer the comic than the tragic In the oldest sense of the term comedy that no matter the difficulties misunderstandings or even deaths the evil are thwarted and the good rewarded crime fiction is essentially comic The following eleven original essays cover a wide range in time authors forms of fiction and types of comedy I hope readers will be both informed and entertained by this excursion into British and American humor and homicide comedy and crime

The Perfect Murder David Lehman, 2000 Drawing on a selection of the best British and American detective fiction past and present Lehman takes readers on a probing investigation of why men and women of all educational and social backgrounds are continually fascinated by the murder mystery **Detective Fiction and The African Scene** Linus Tongwo Asong, 2012 From its very inception detective fiction has enjoyed a great popularity among the young and the old the learned and the not so learned By some unfortunate stroke of irony its respect has not kept pace with its enormous popularity For over half a century now it has remained the bane of creative writing In strict intellectual circles it is very rare to find people talk defensively and interestingly about the genre Yet Asong has chosen to do just that He has stoutly defended the weak by putting up a good case for its continued existence He has also shown how irresistible key elements of the genre are to even the best respected novelists Finally he has demonstrated for the first time how the genre has been domesticated by African writers of very great repute such as Ngugi Sembene and Lessing That he has been able to prove that these writers have used techniques of detective fiction is a significant broadening of the horizons for appreciating creative writing in Africa

Shakespearean Allusion in Crime Fiction Lisa Hopkins, 2016-04-21 This book explores why crime fiction so often alludes to Shakespeare It ranges widely over a variety of authors including classic golden age crime writers such as the four queens of crime Allingham Christie Marsh Sayers Nicholas Blake and Edmund Crispin as well as more recent authors such as Reginald Hill Kate Atkinson and Val McDermid It also looks at the fondness for Shakespearean allusion in a number of television crime series most notably Midsomer Murders Inspector Morse and Lewis and considers the special sub genre of detective stories in which a lost Shakespeare play is found It shows how Shakespeare facilitates discussions about what constitutes justice what authorises the detective to track down the villain who owns the countryside national and social identities and the question of how we measure cultural value **Borges and the Literary Marketplace** Nora C. Benedict, 2021-09-14 A fascinating history of Jorge Luis Borges s efforts to revolutionize and revitalize literature in Latin America Jorge Luis Borges 1899 1986 stands out as one of the most widely regarded and inventive authors in world literature

Yet the details of his employment history throughout the early part of the twentieth century which foreground his efforts to develop a worldly reading public have received scant critical attention From librarian and cataloguer to editor and publisher this writer emerges as entrenched in the physical minutiae and social implications of the international book world Drawing on years of archival research coupled with bibliographical analysis this book explains how Borges's more general involvement in the publishing industry influenced not only his formation as a writer but also global book markets and reading practices in world literature In this way it tells the story of Borges's profound efforts to revolutionize and revitalize literature in Latin America through his varying jobs in the publishing industry
