Rolles Driver, Charles Augustus Briggs, 1899 The Literature of Travel in the Japanese Rediscovery of China, 1862-1945
, 1996-03 This study of the writings of Japanese travelers to China from 1862 to 1945 serves both as a window onto changing
Japanese images of China and as a vivid account of Sino Japanese interactions over nearly a century The year 1862 saw the
lifting of the Tokugawa shogunate's ban of over two centuries on overseas contacts and Japanese travelers were able to
resume contact with China which had begun some fifteen hundred years before Through the centuries China had exerted a
profound influence on the development of Japanese culture and what began as a wish to adopt the latest most developed
political and cultural achievements of China assumed to be the most advanced country on earth later became an effort to
understand the essence of Japan by defining its difference from China This book is based upon some five hundred accounts of
travel in China by Japanese only a handful of which have previously been available in Western literature Ceremonial to be
